

Start frame is an egg  
scroll down to start animation

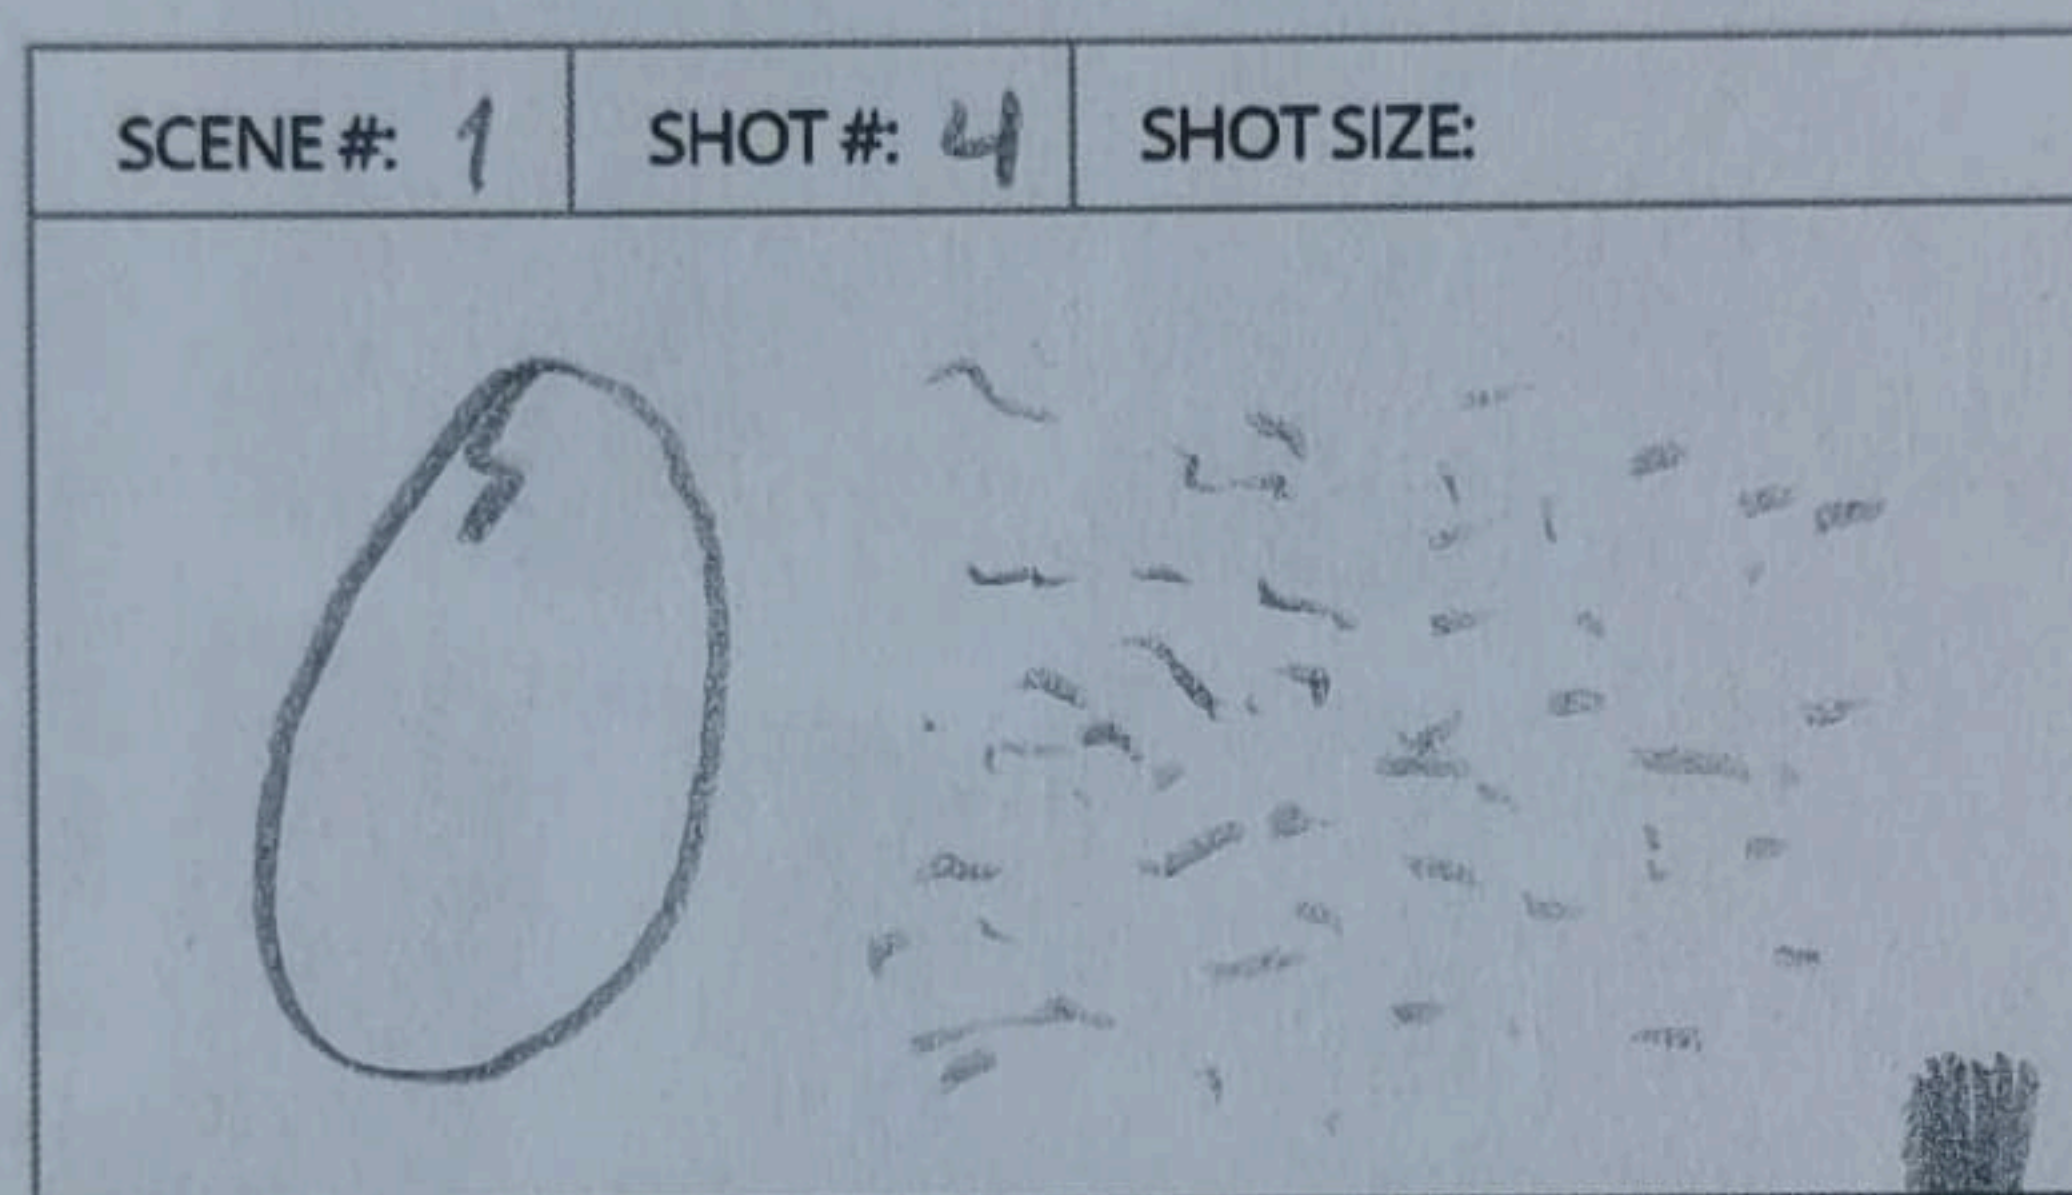

After scroll egg moves to left  
and first part of text appears

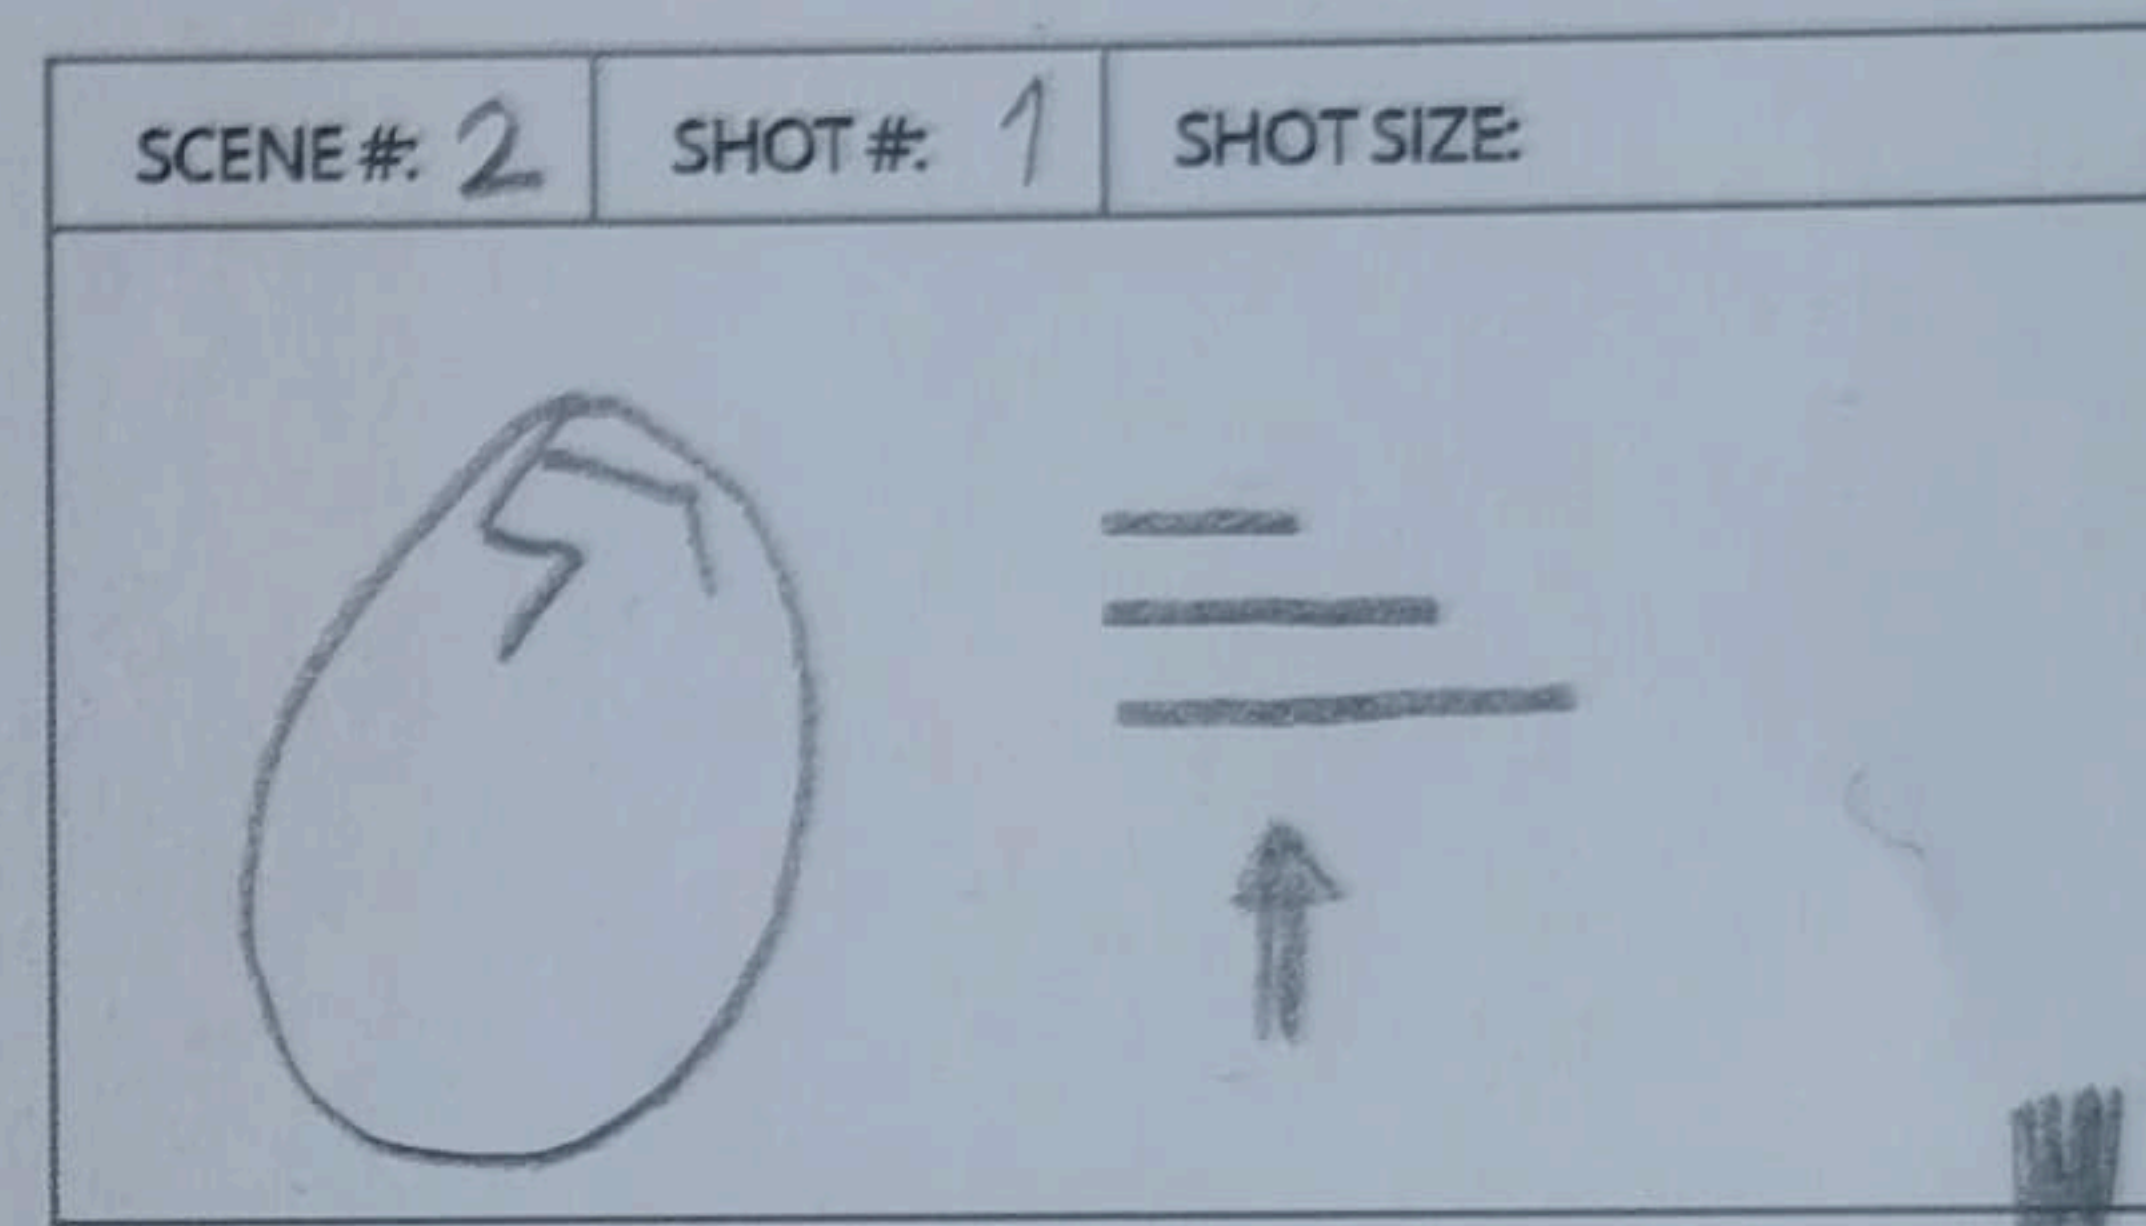

2 second duration before  
next line appears

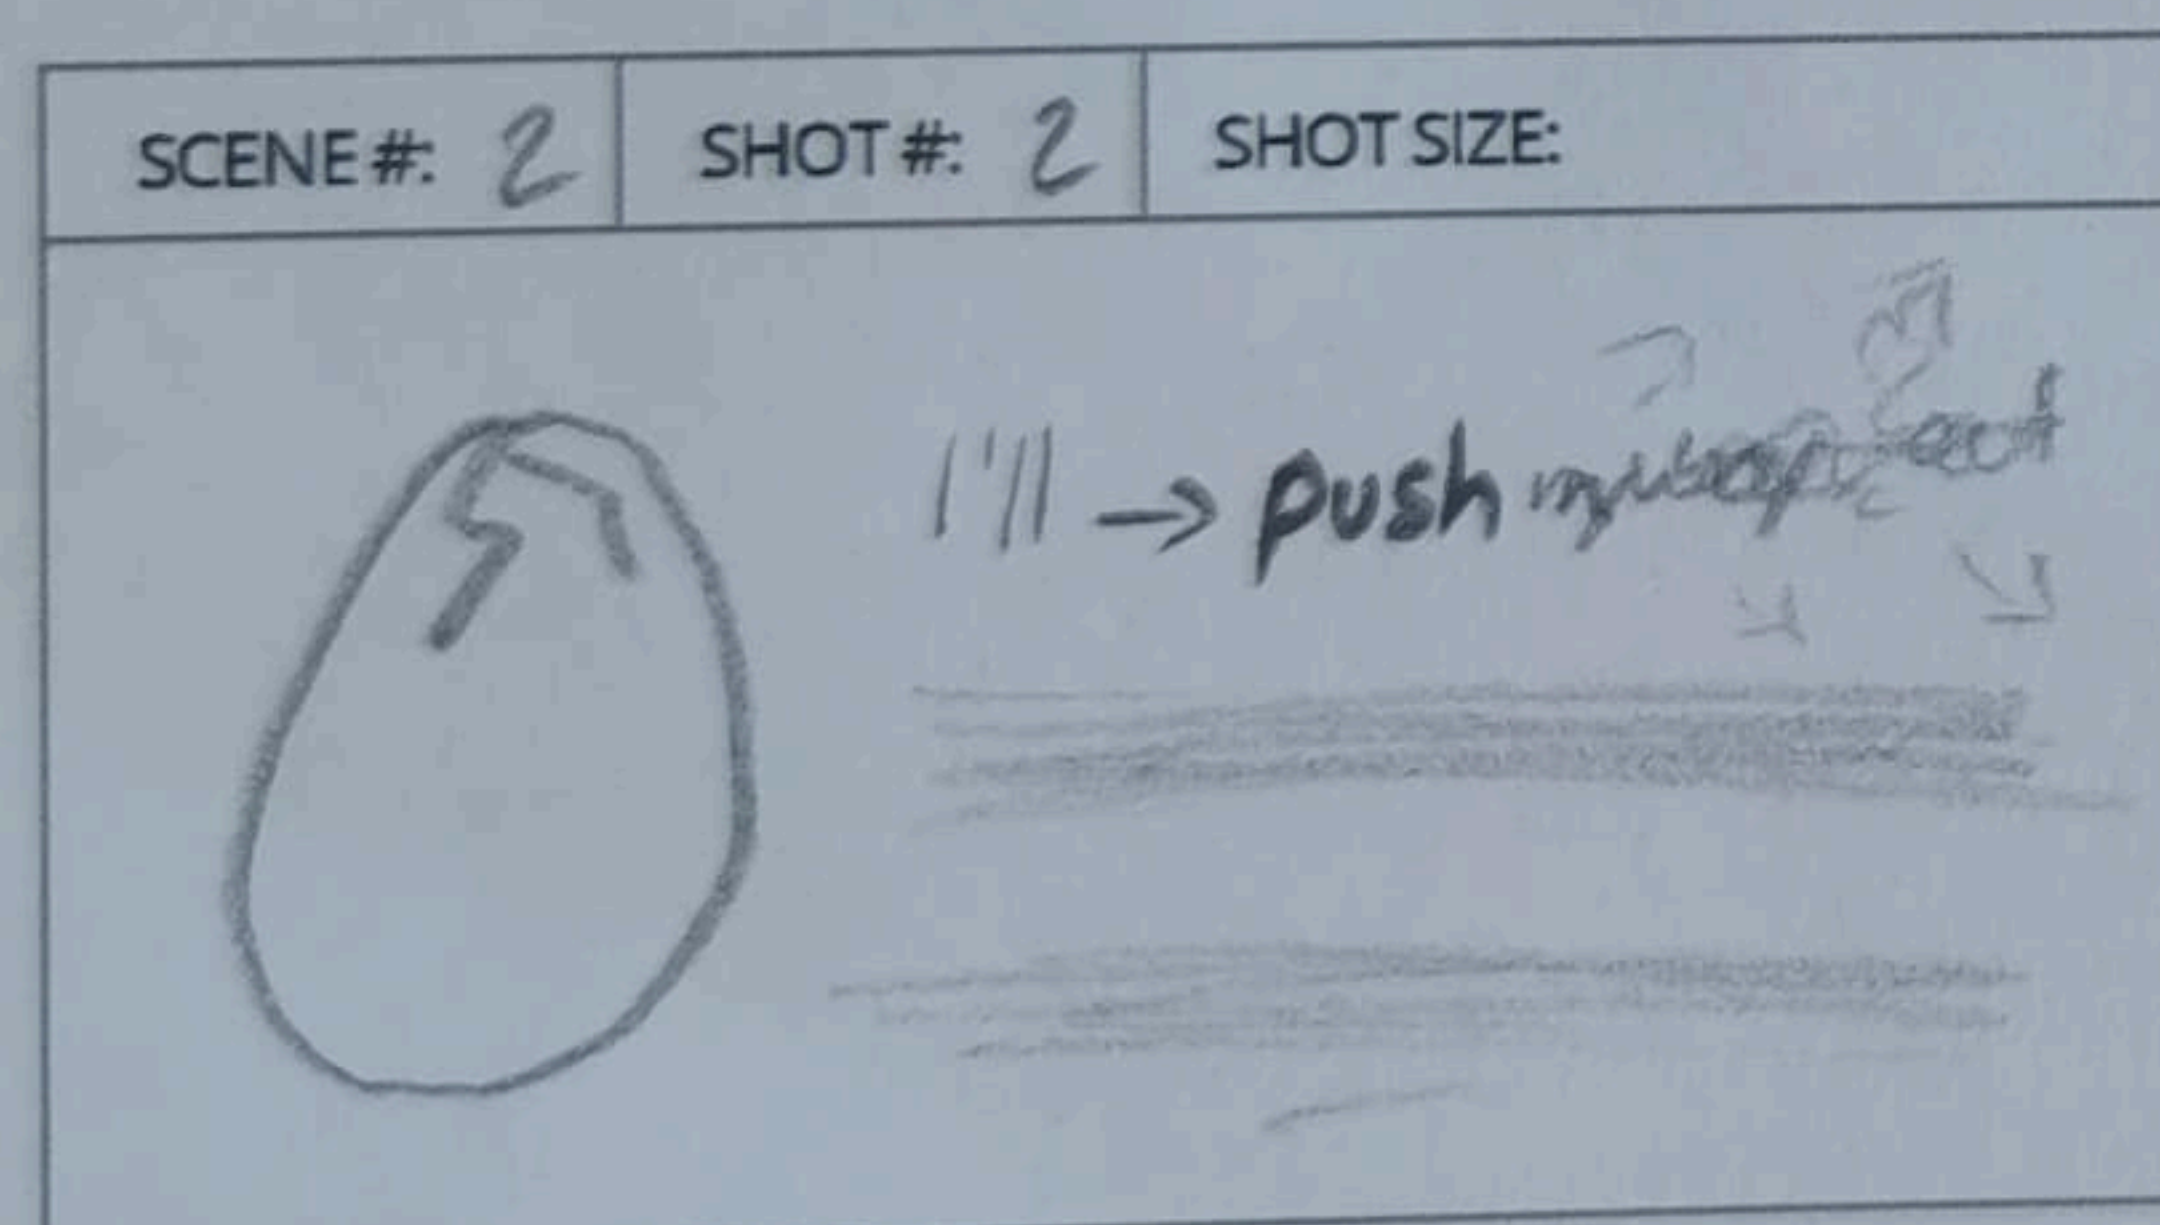

Full verse appears after  
6 seconds, animation pauses  
for him to read before next animation

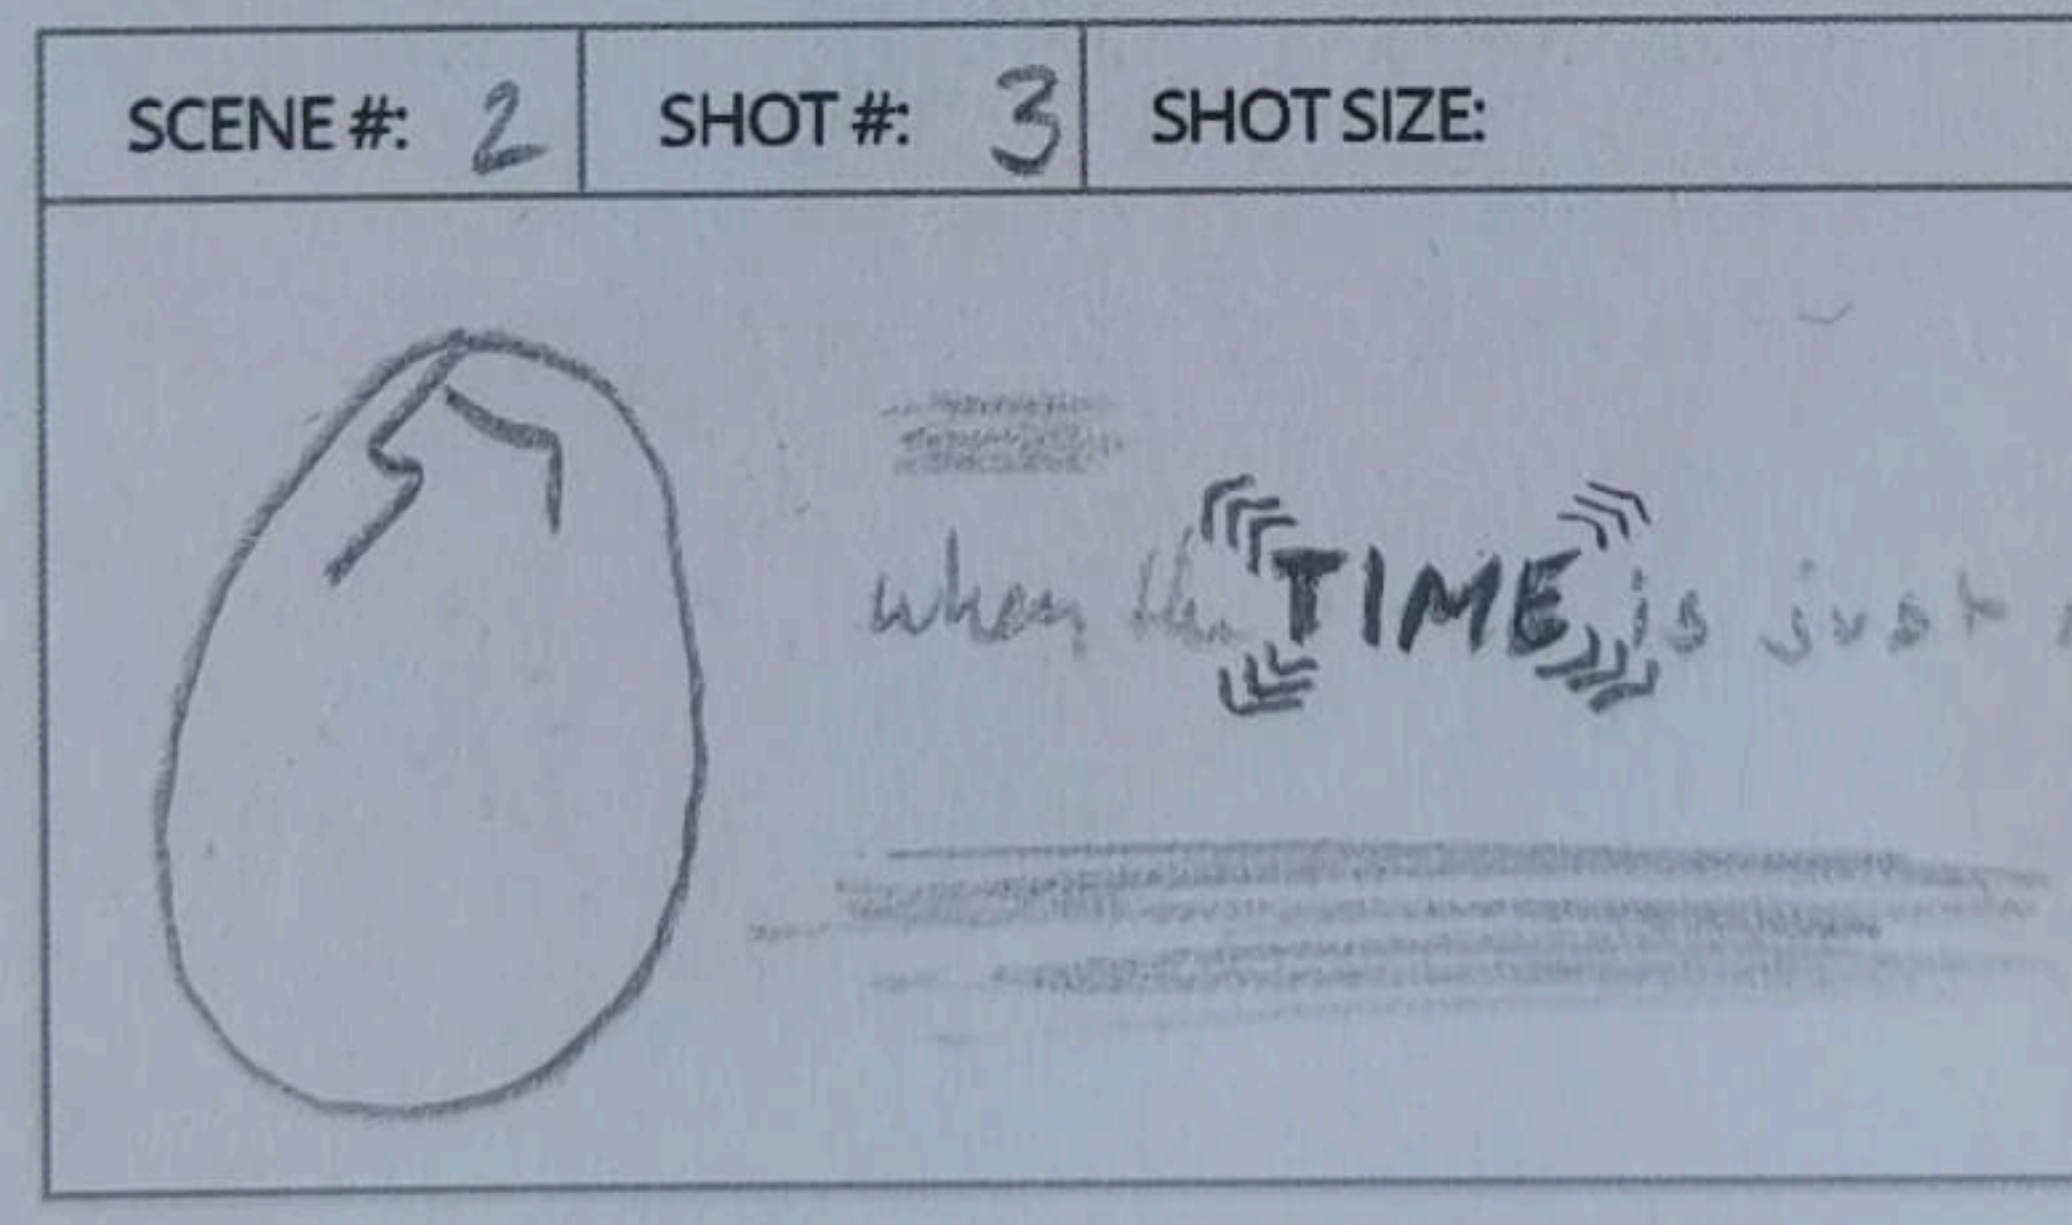

Entire verse dissolves  
before next verse appears

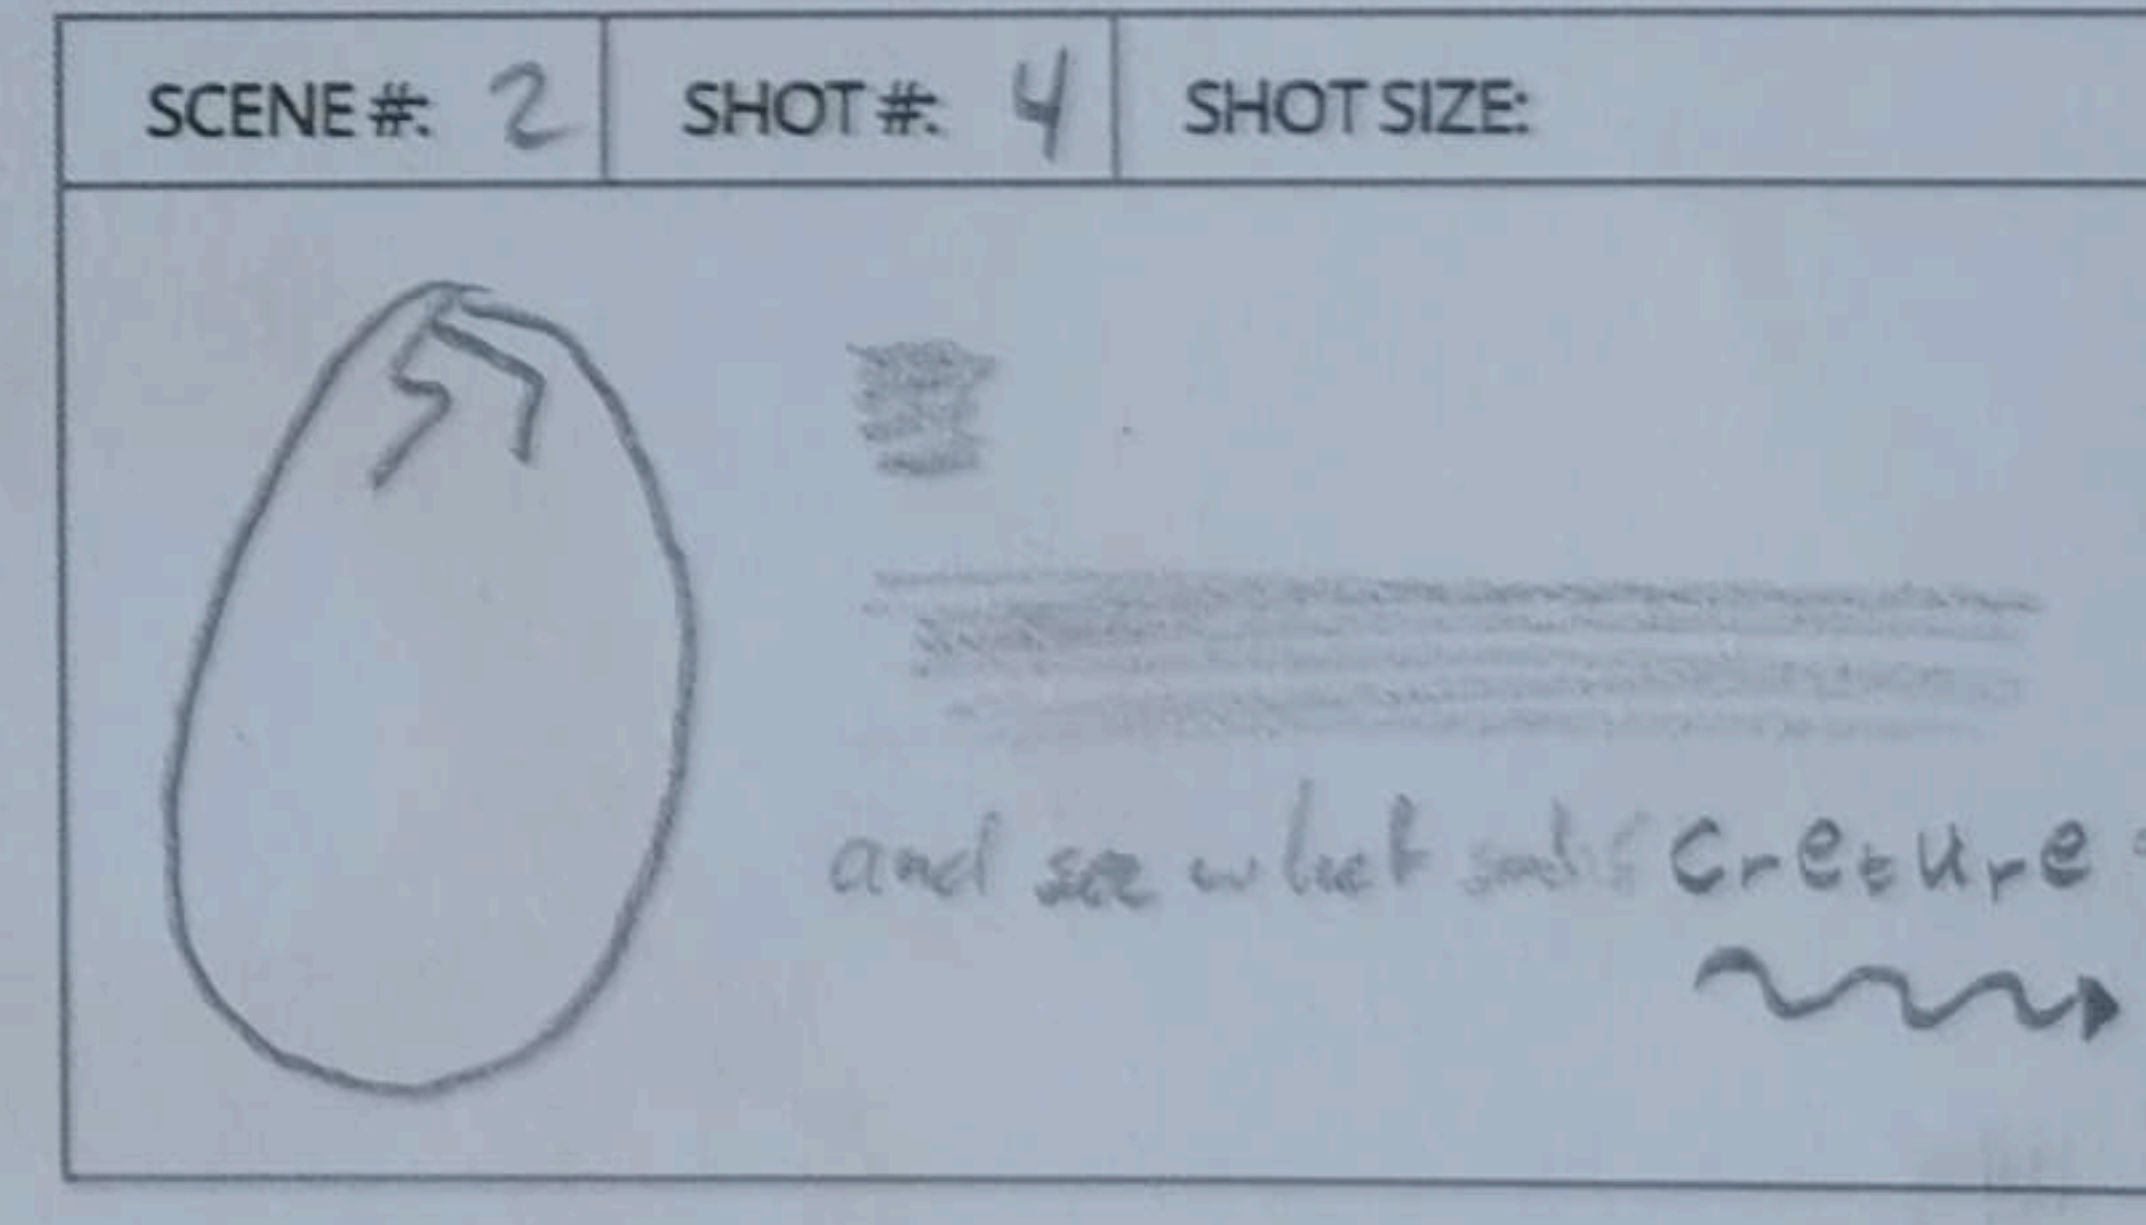

Verse appears like in scene  
1, shot 1, 2 and 3 for all  
future scenes

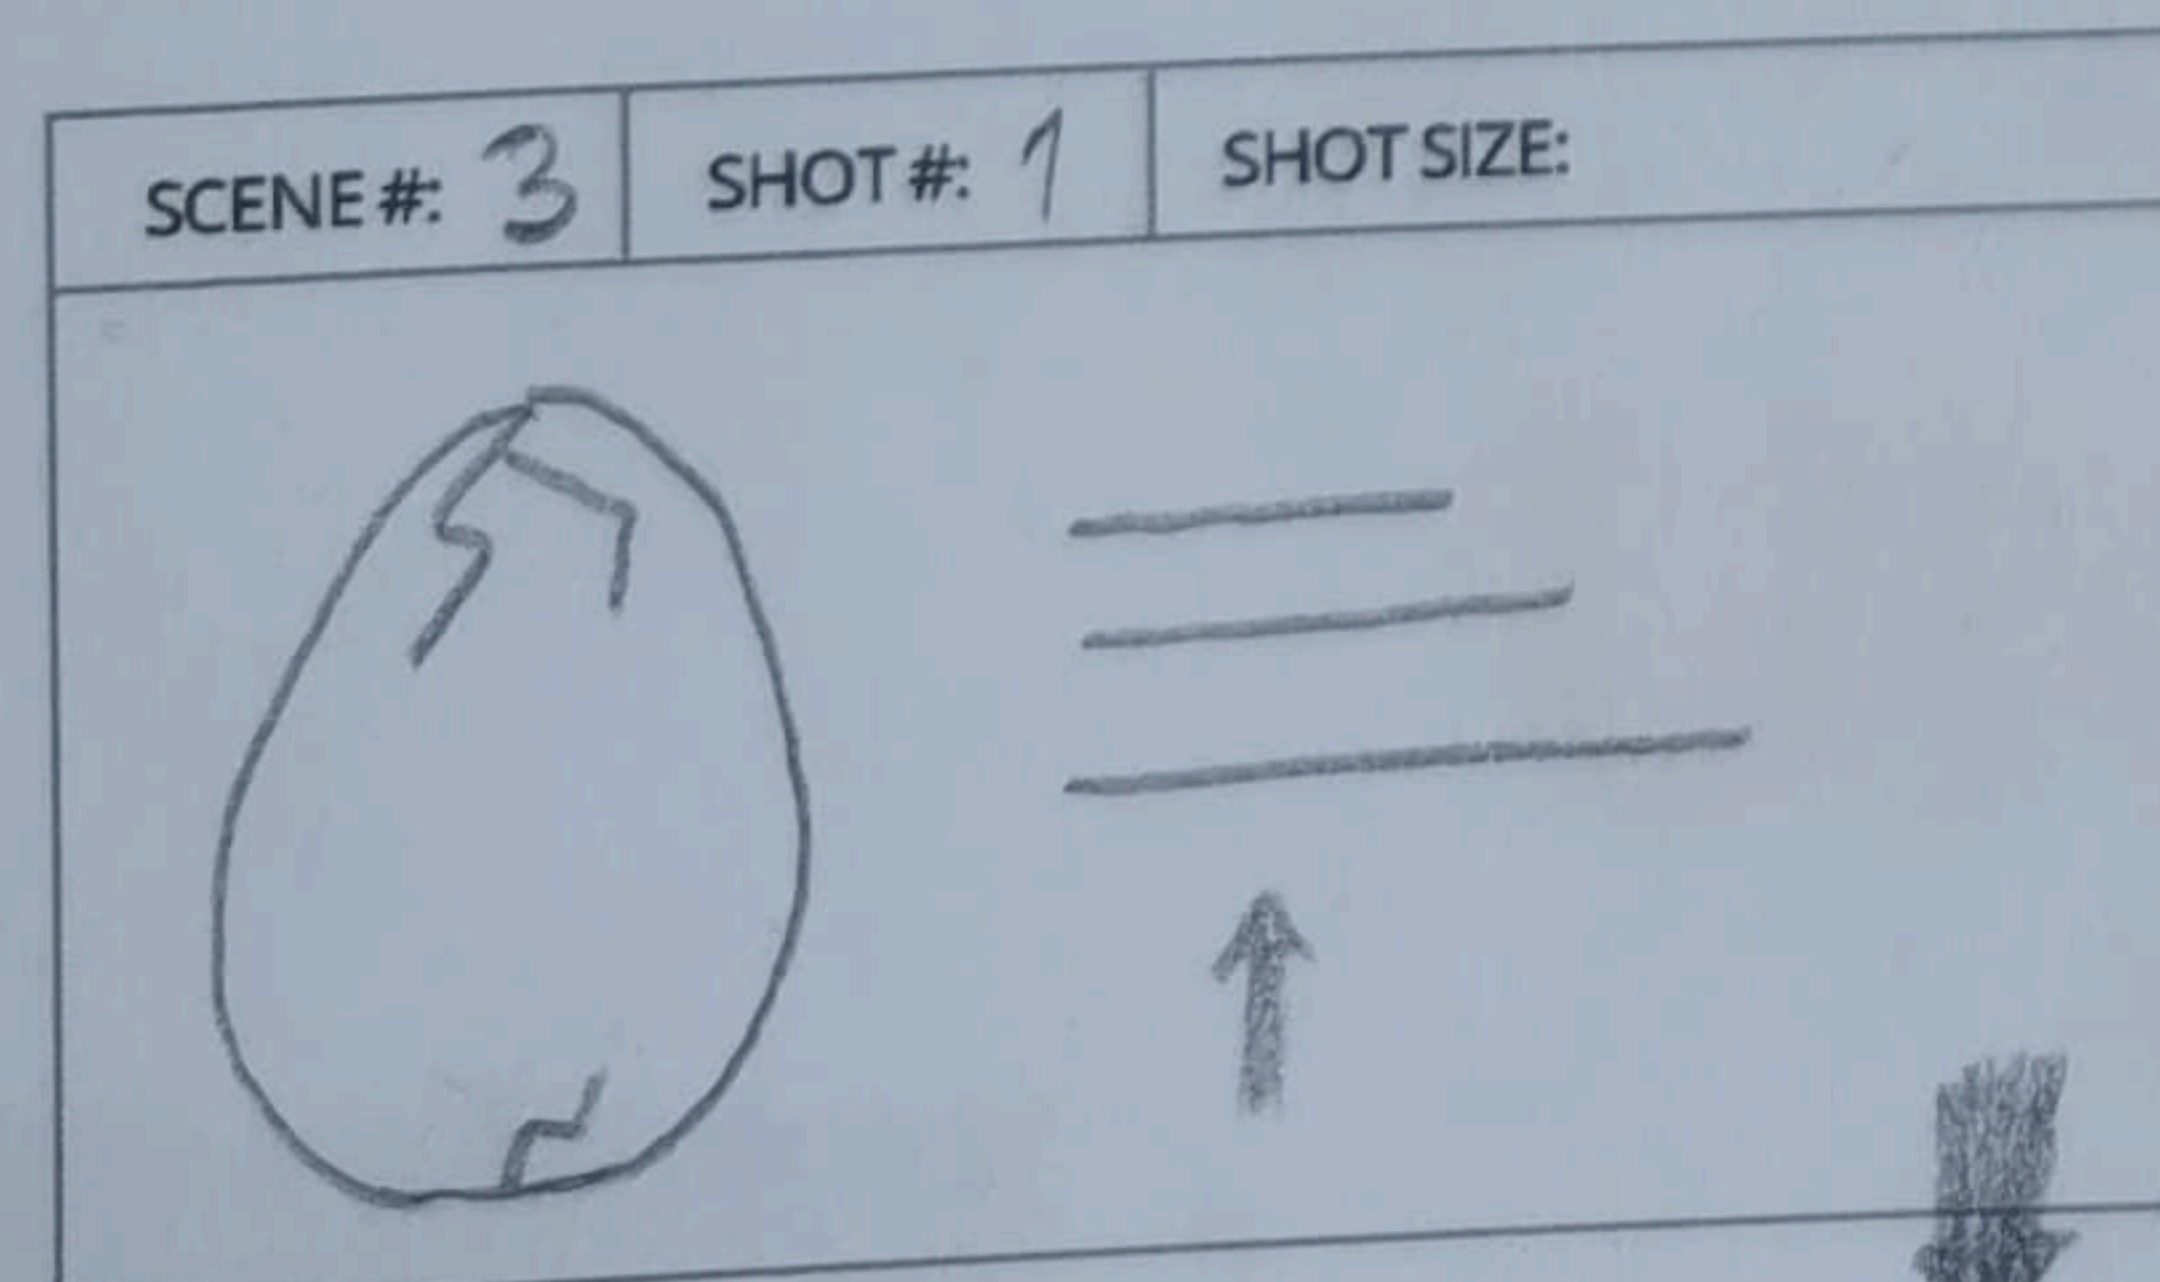

Animation on the first  
line with the word 'push'

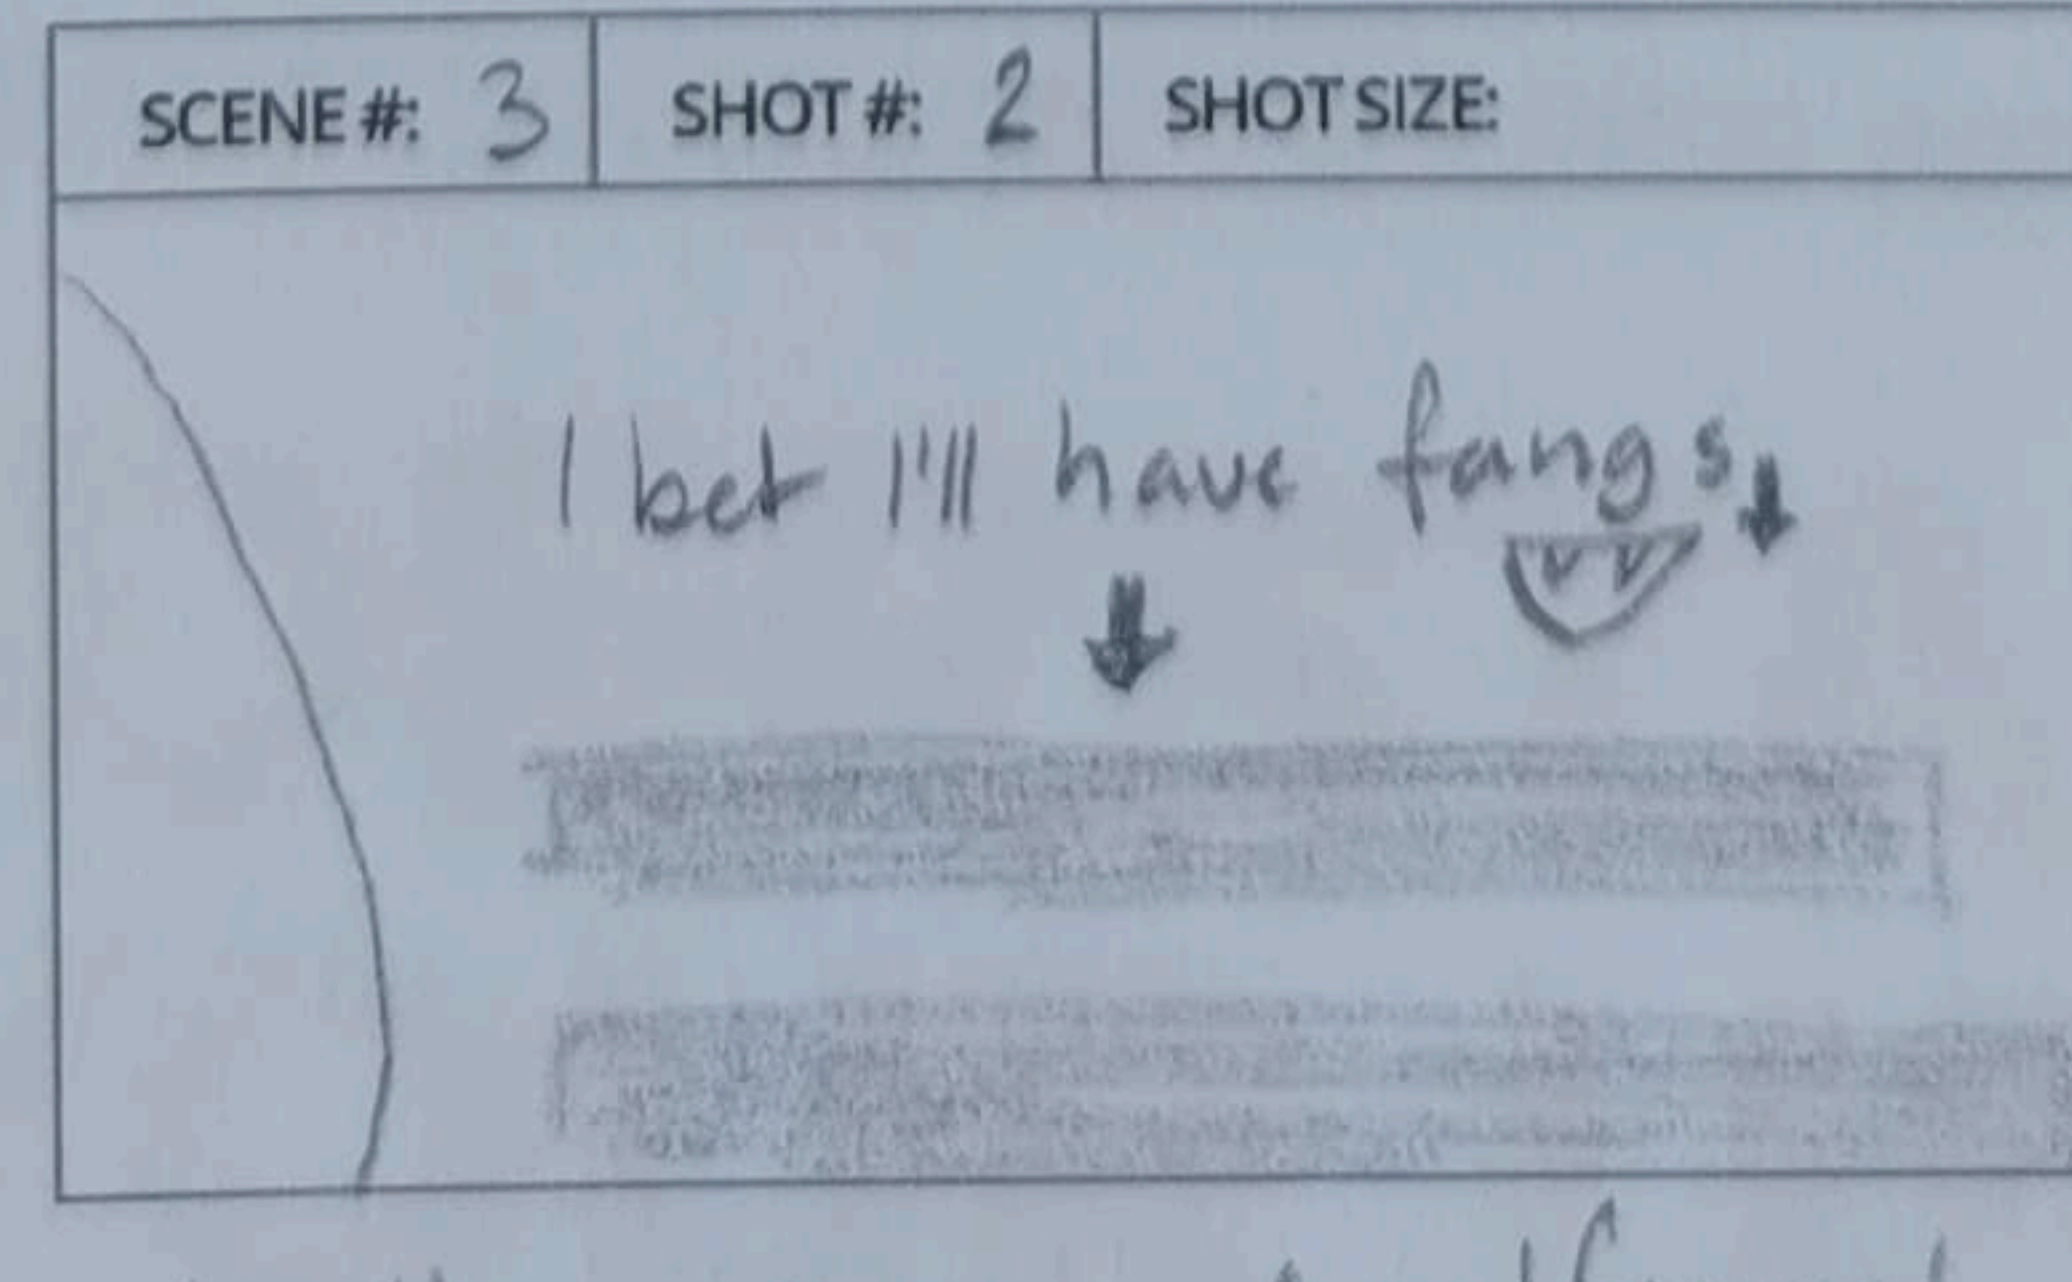

Animation in the word  
'time'

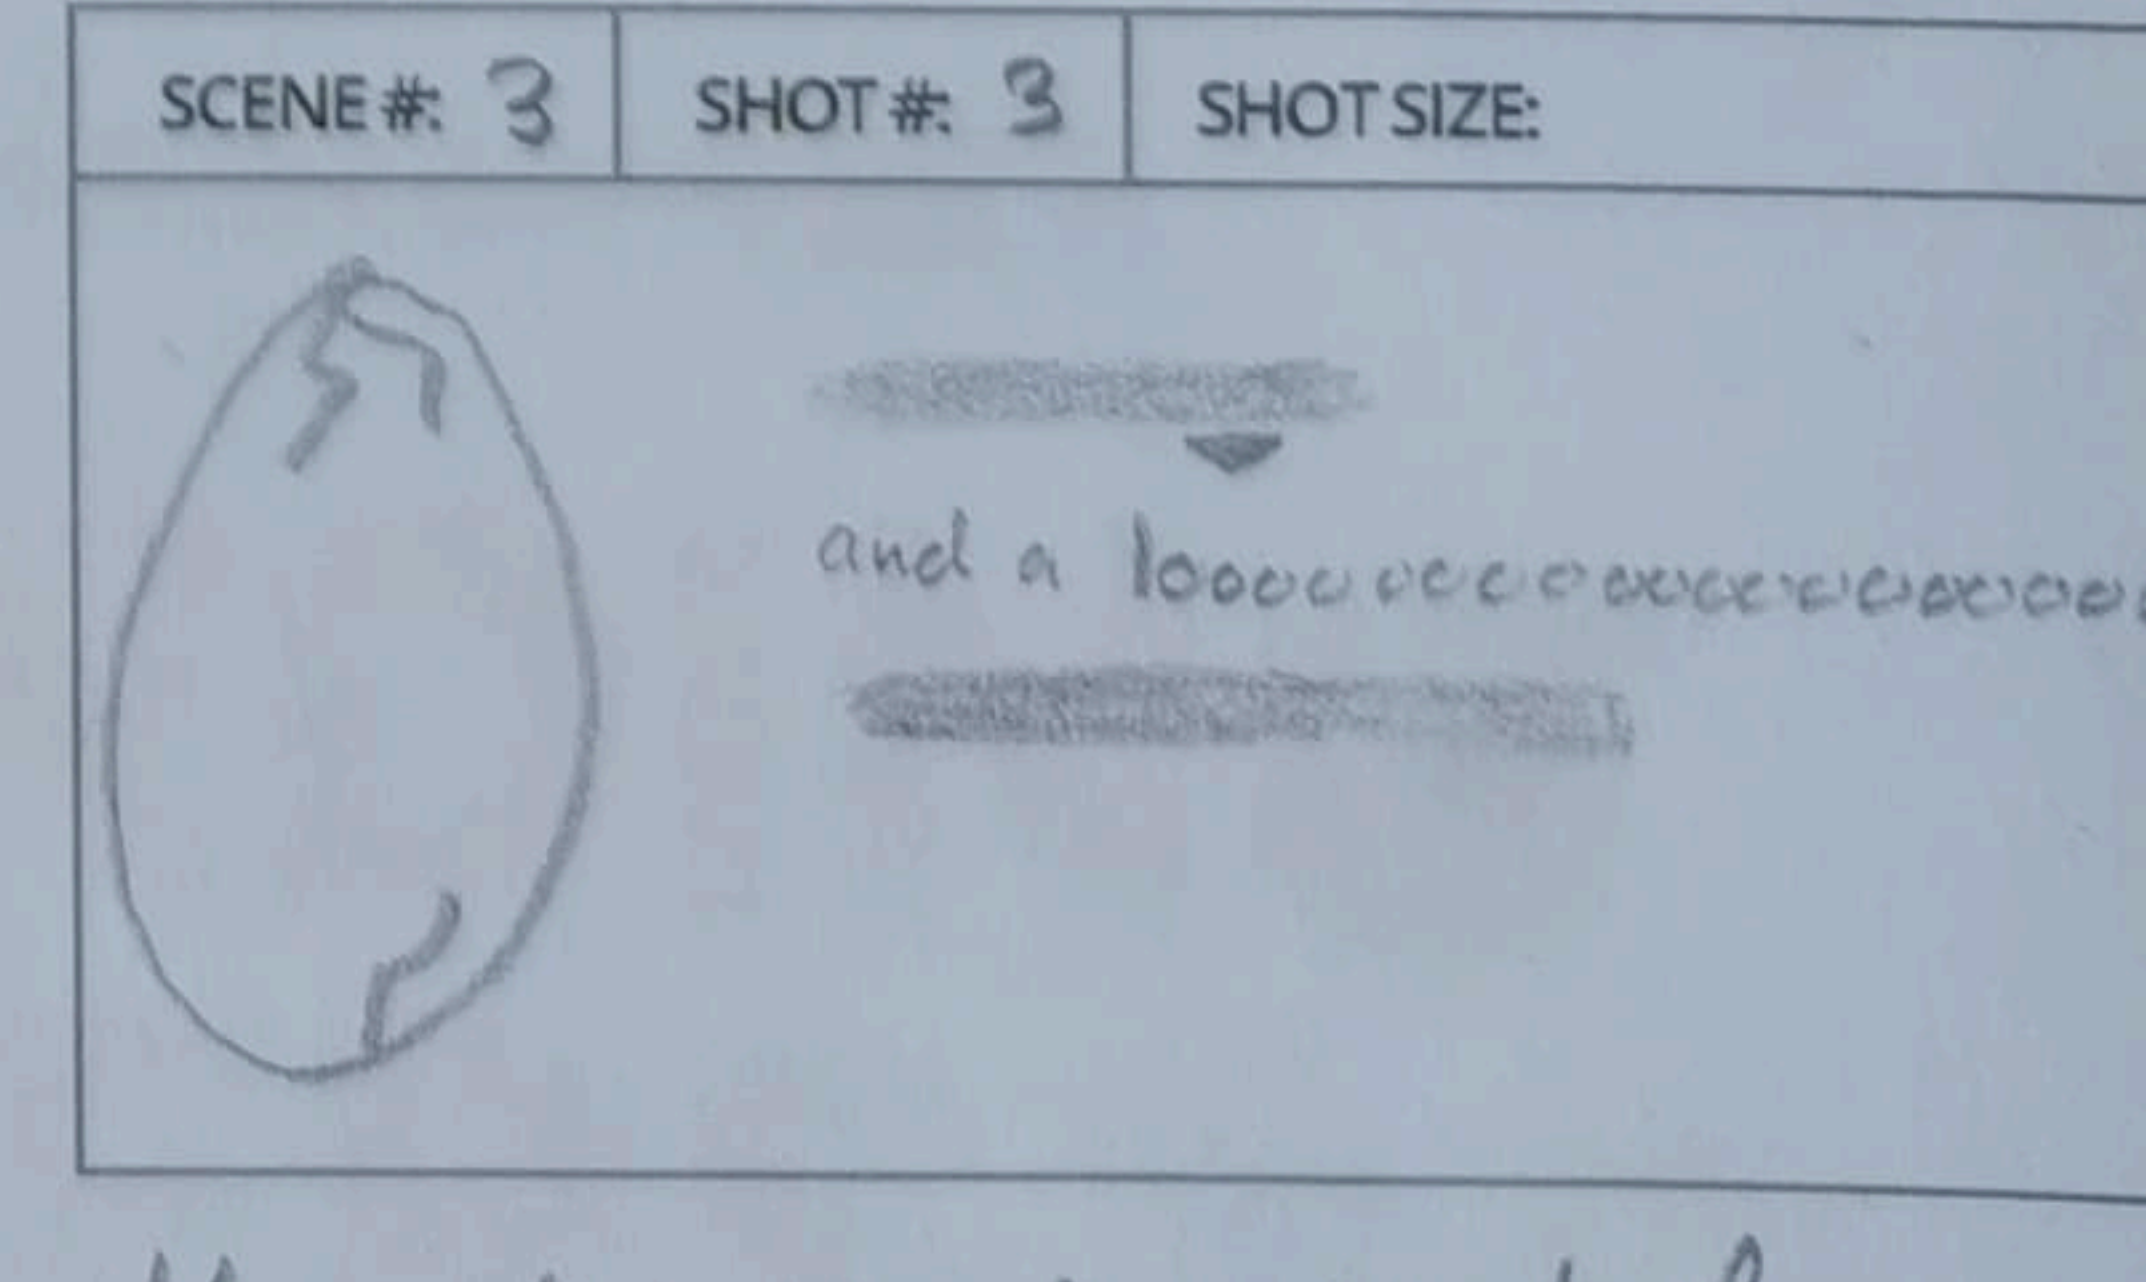

Animation on 'creature'

New crack in egg  
Scroll to activate animation

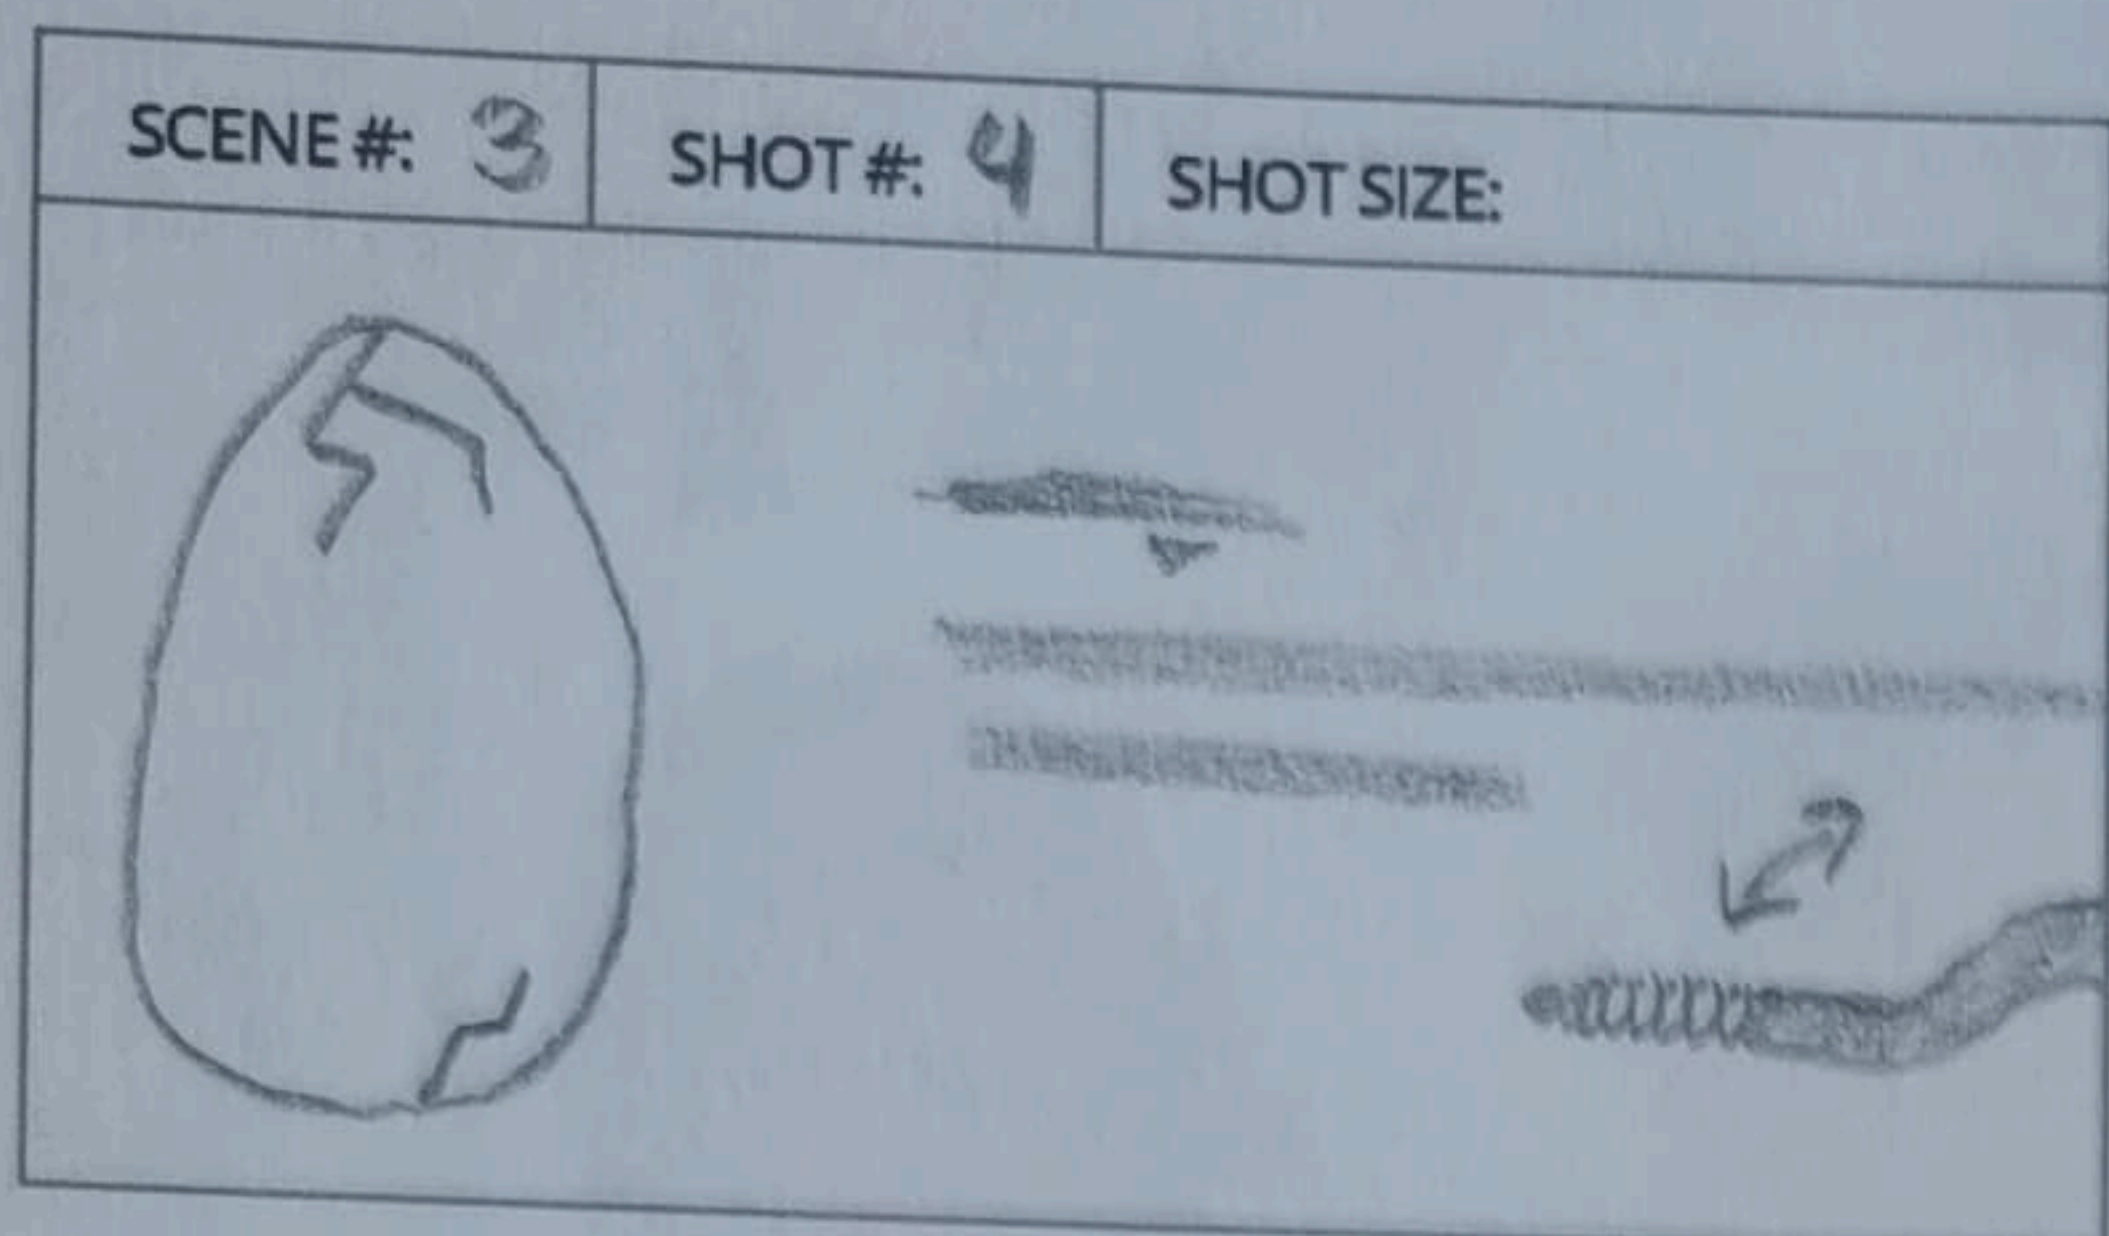

Mouth appears under 'fangs',  
mouth pushes the other lines down

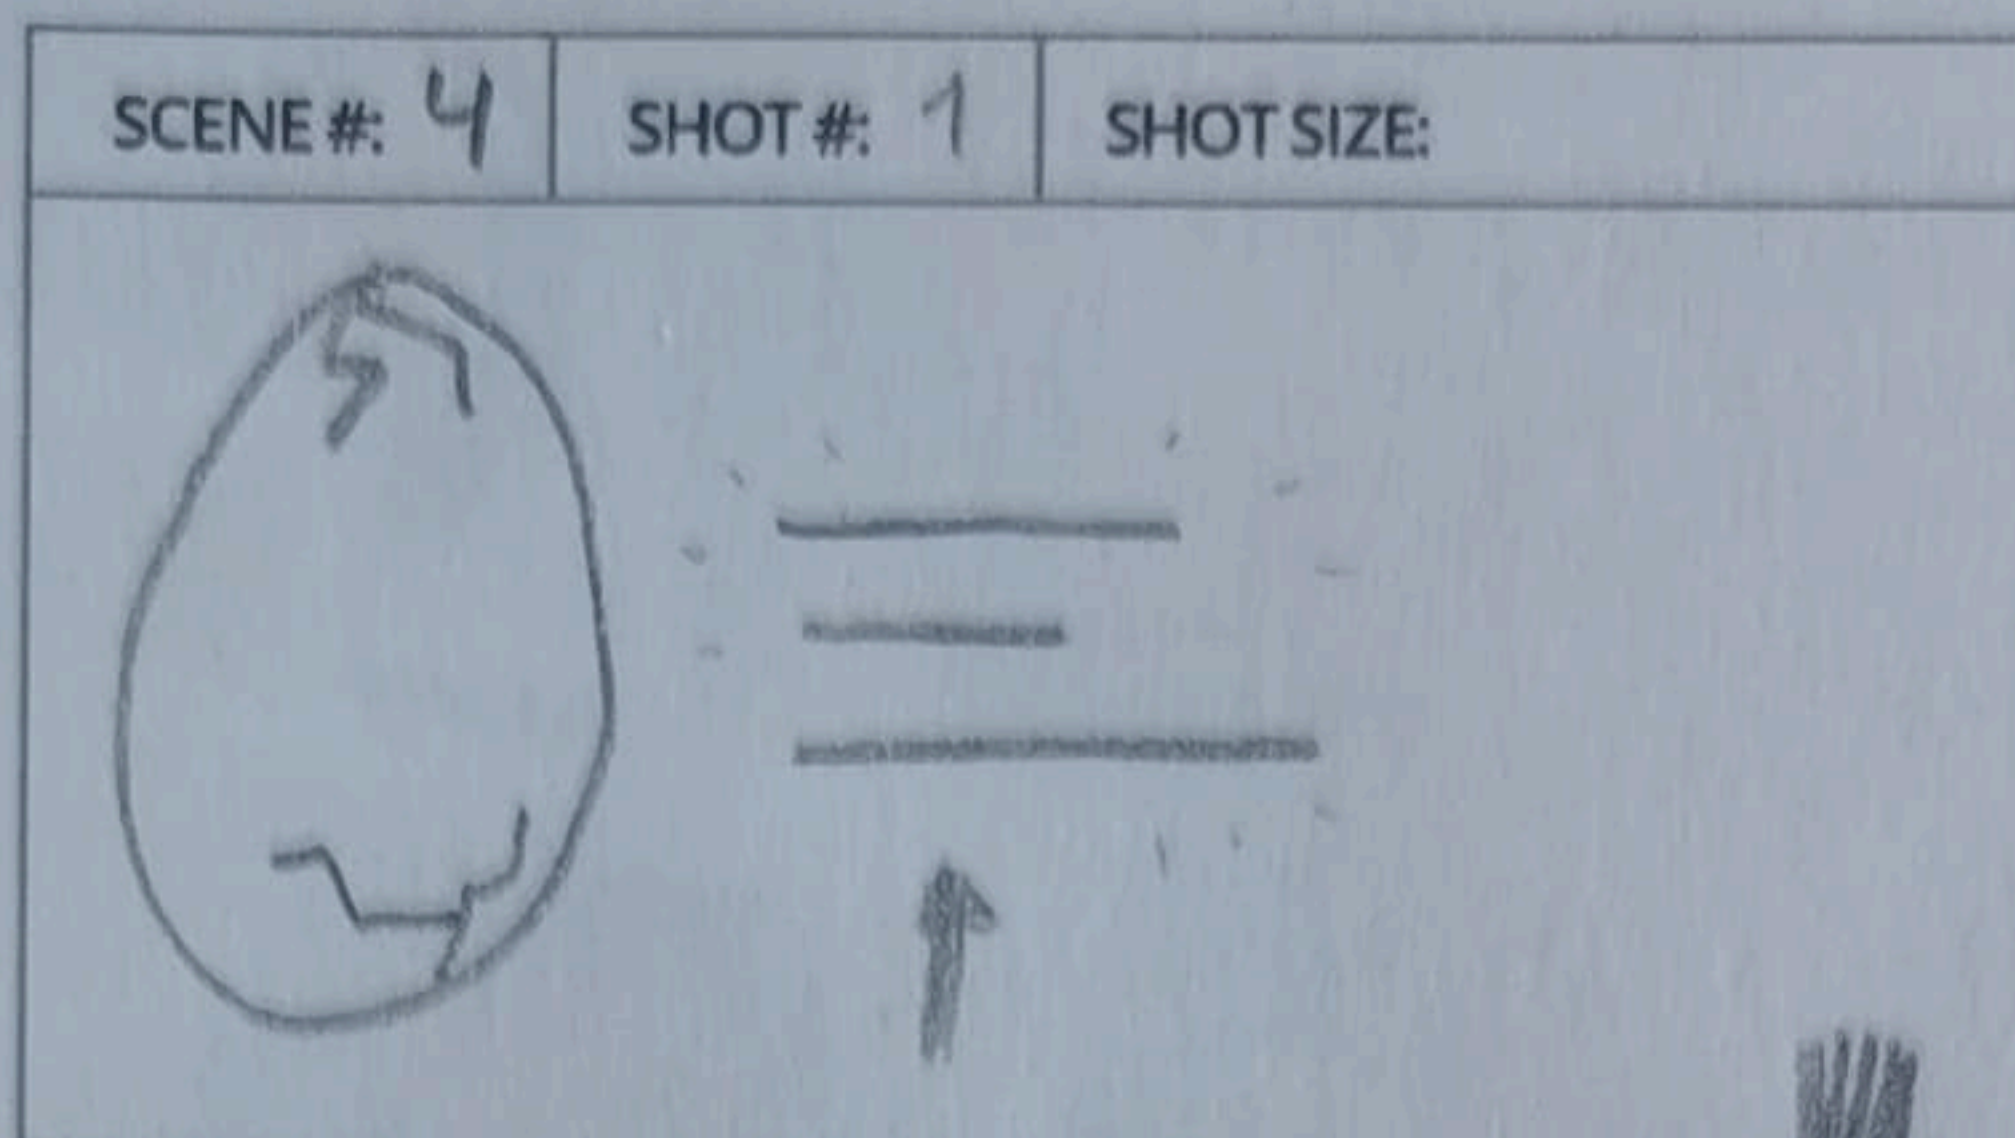

'long' expands out of frame

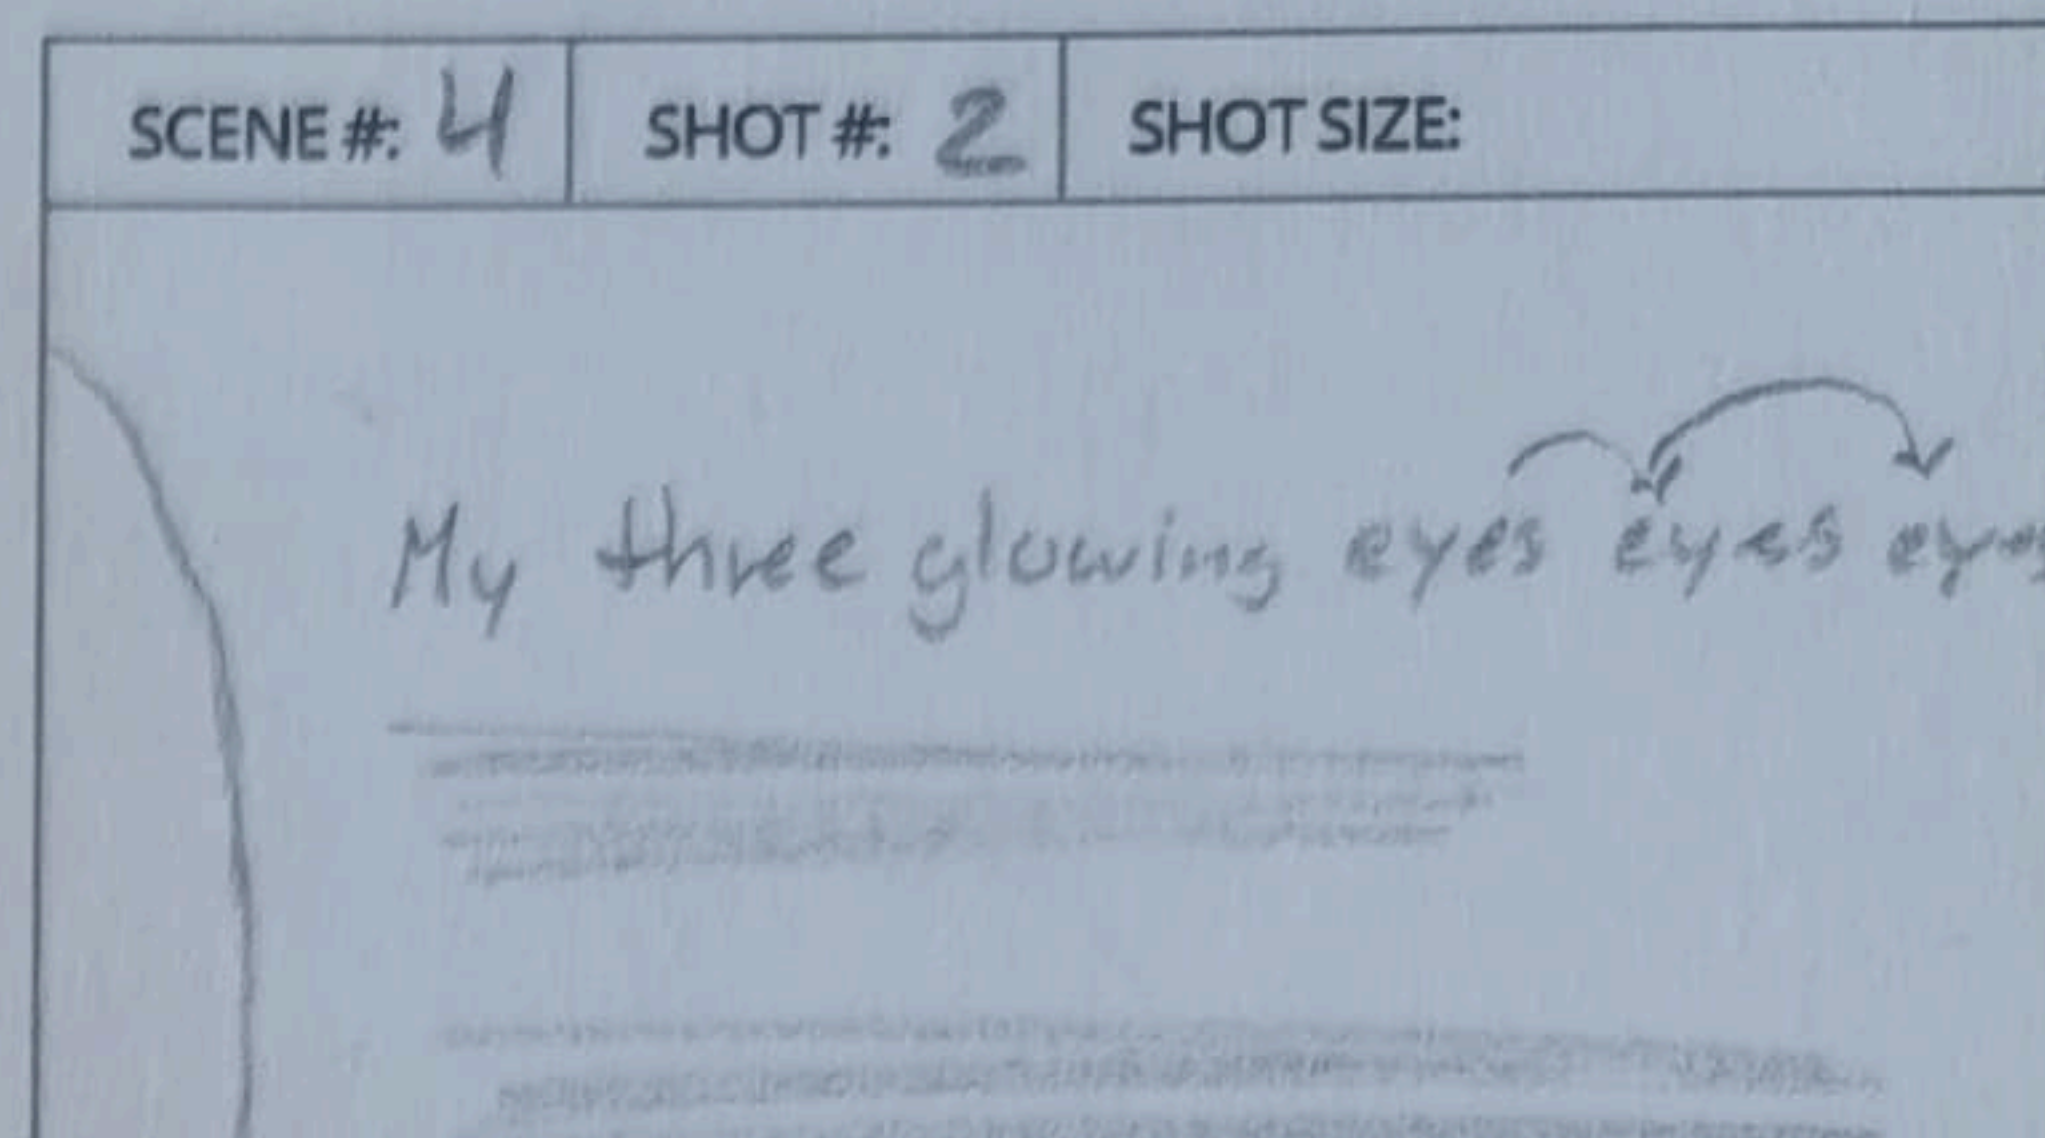

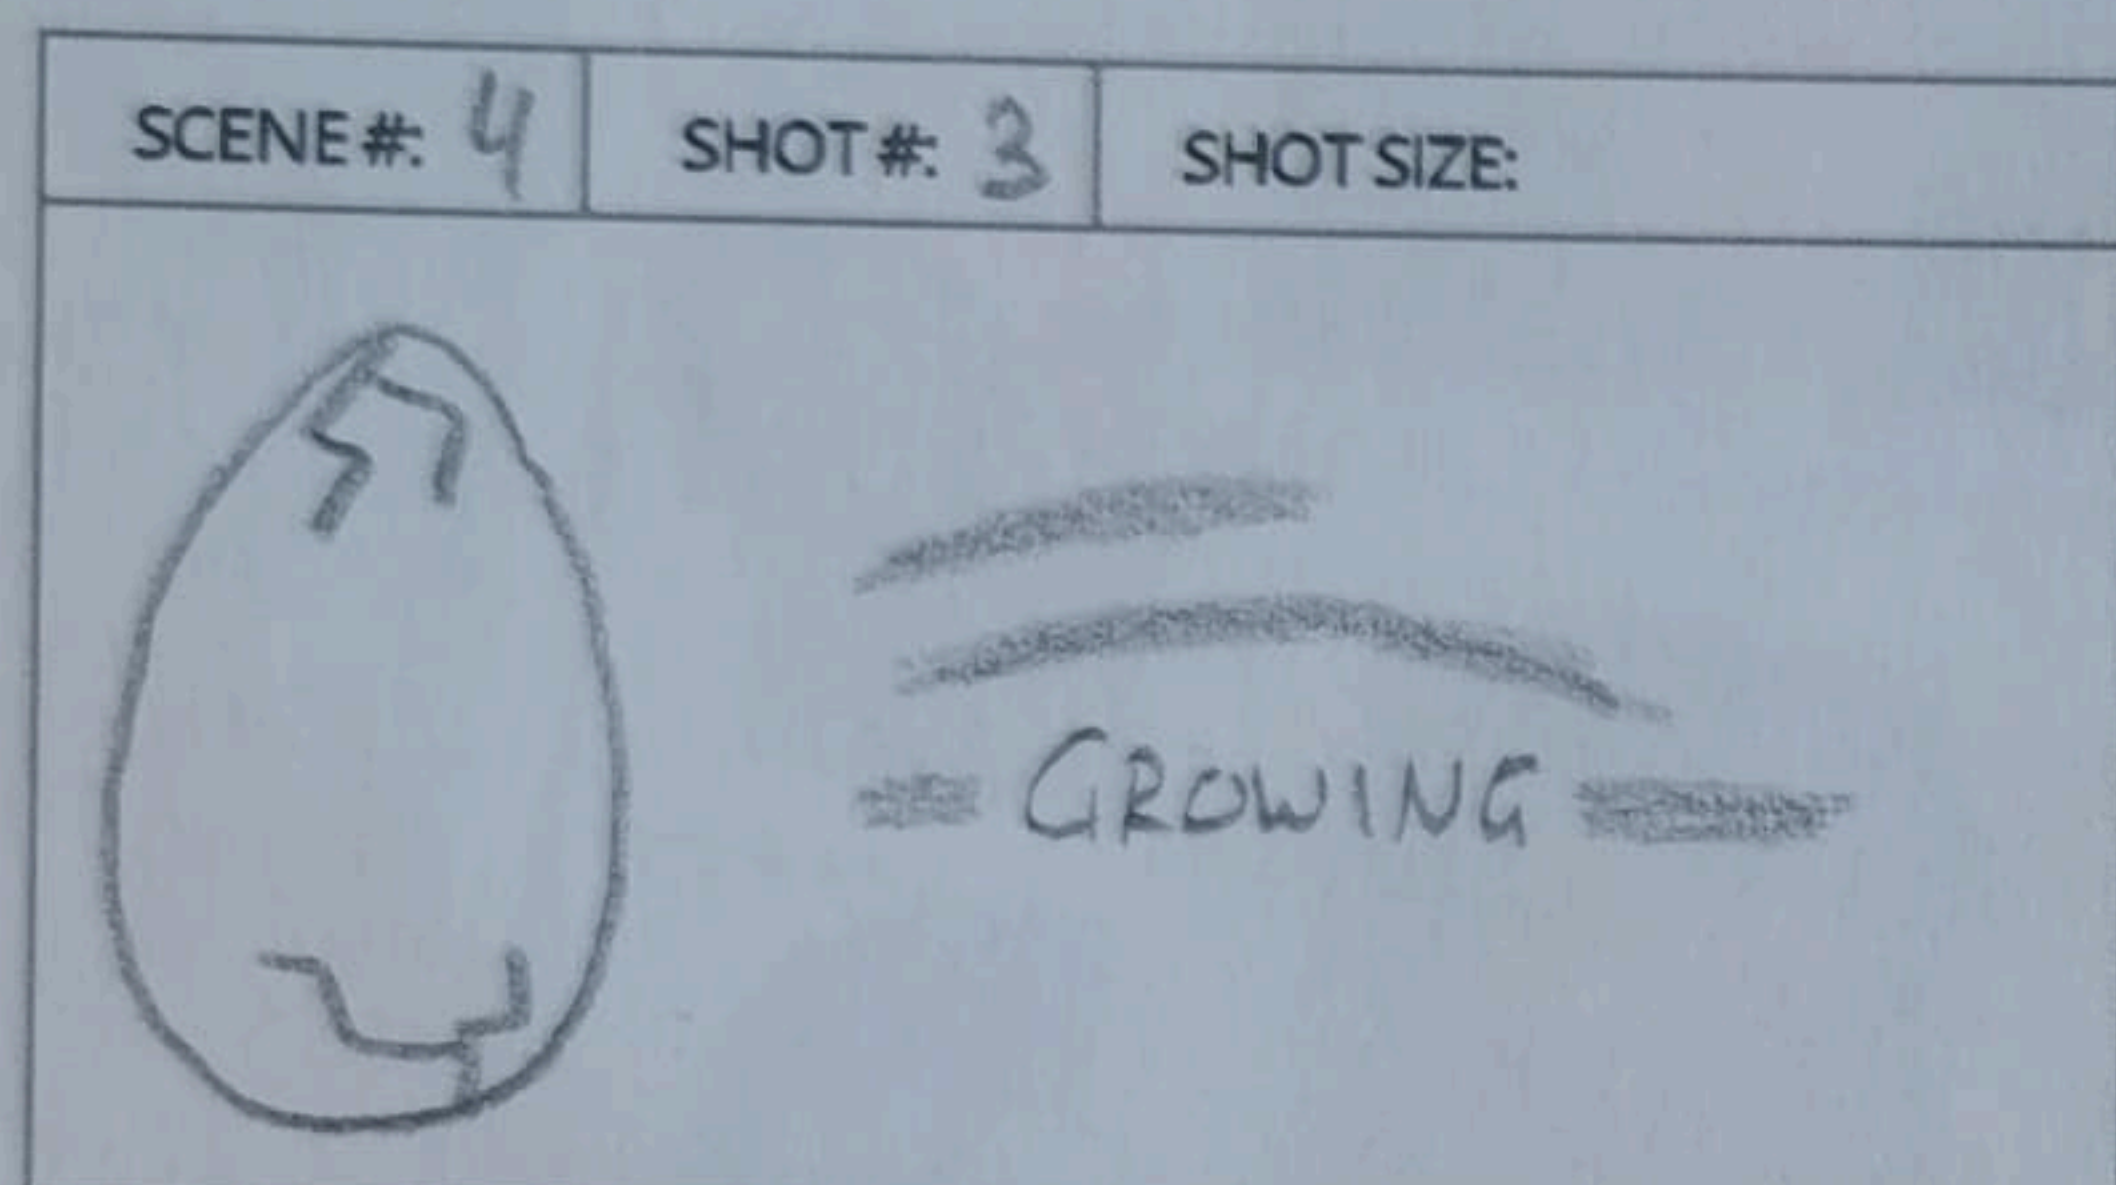

Moving rattle snake tail for the last line

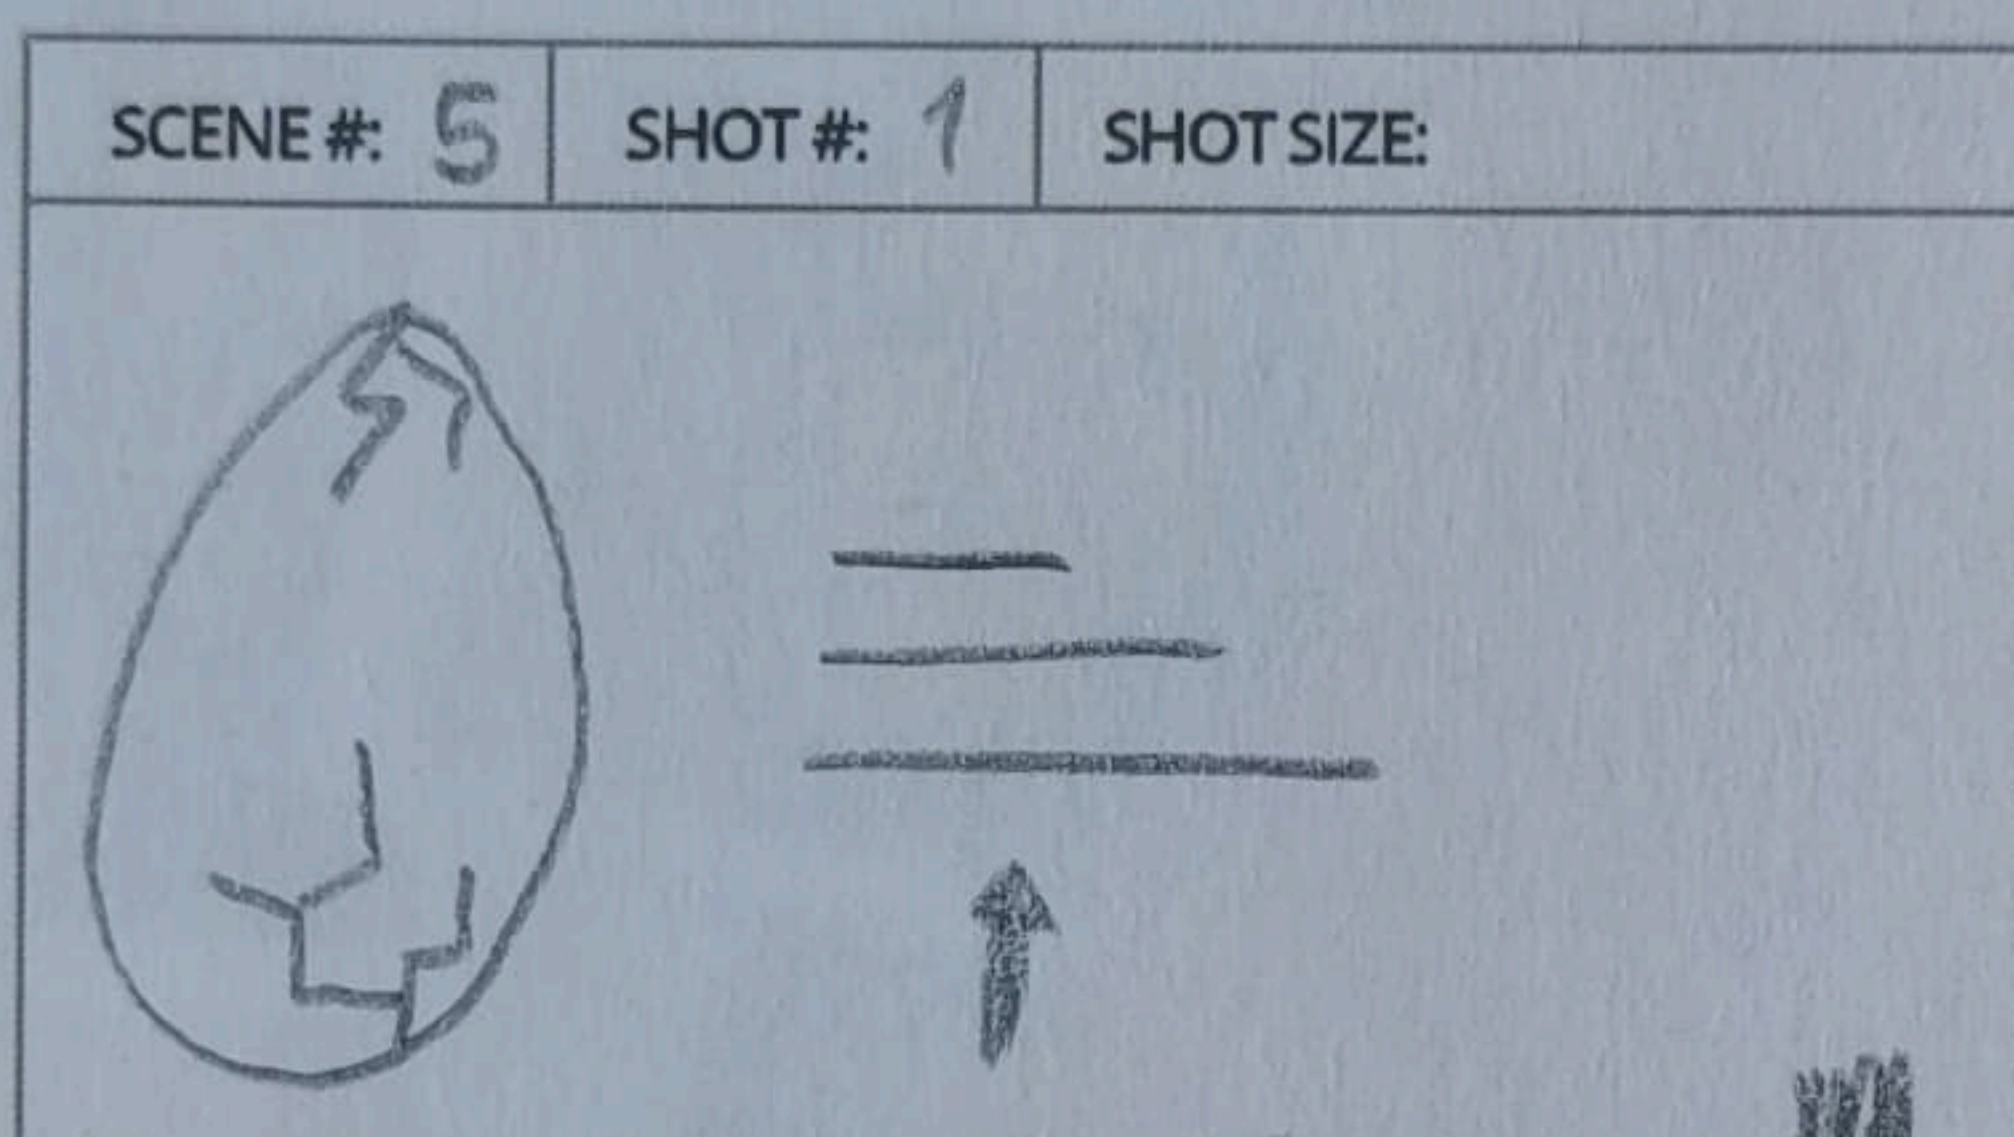

New crack in egg  
Scroll triggers animation  
Subtle glowing

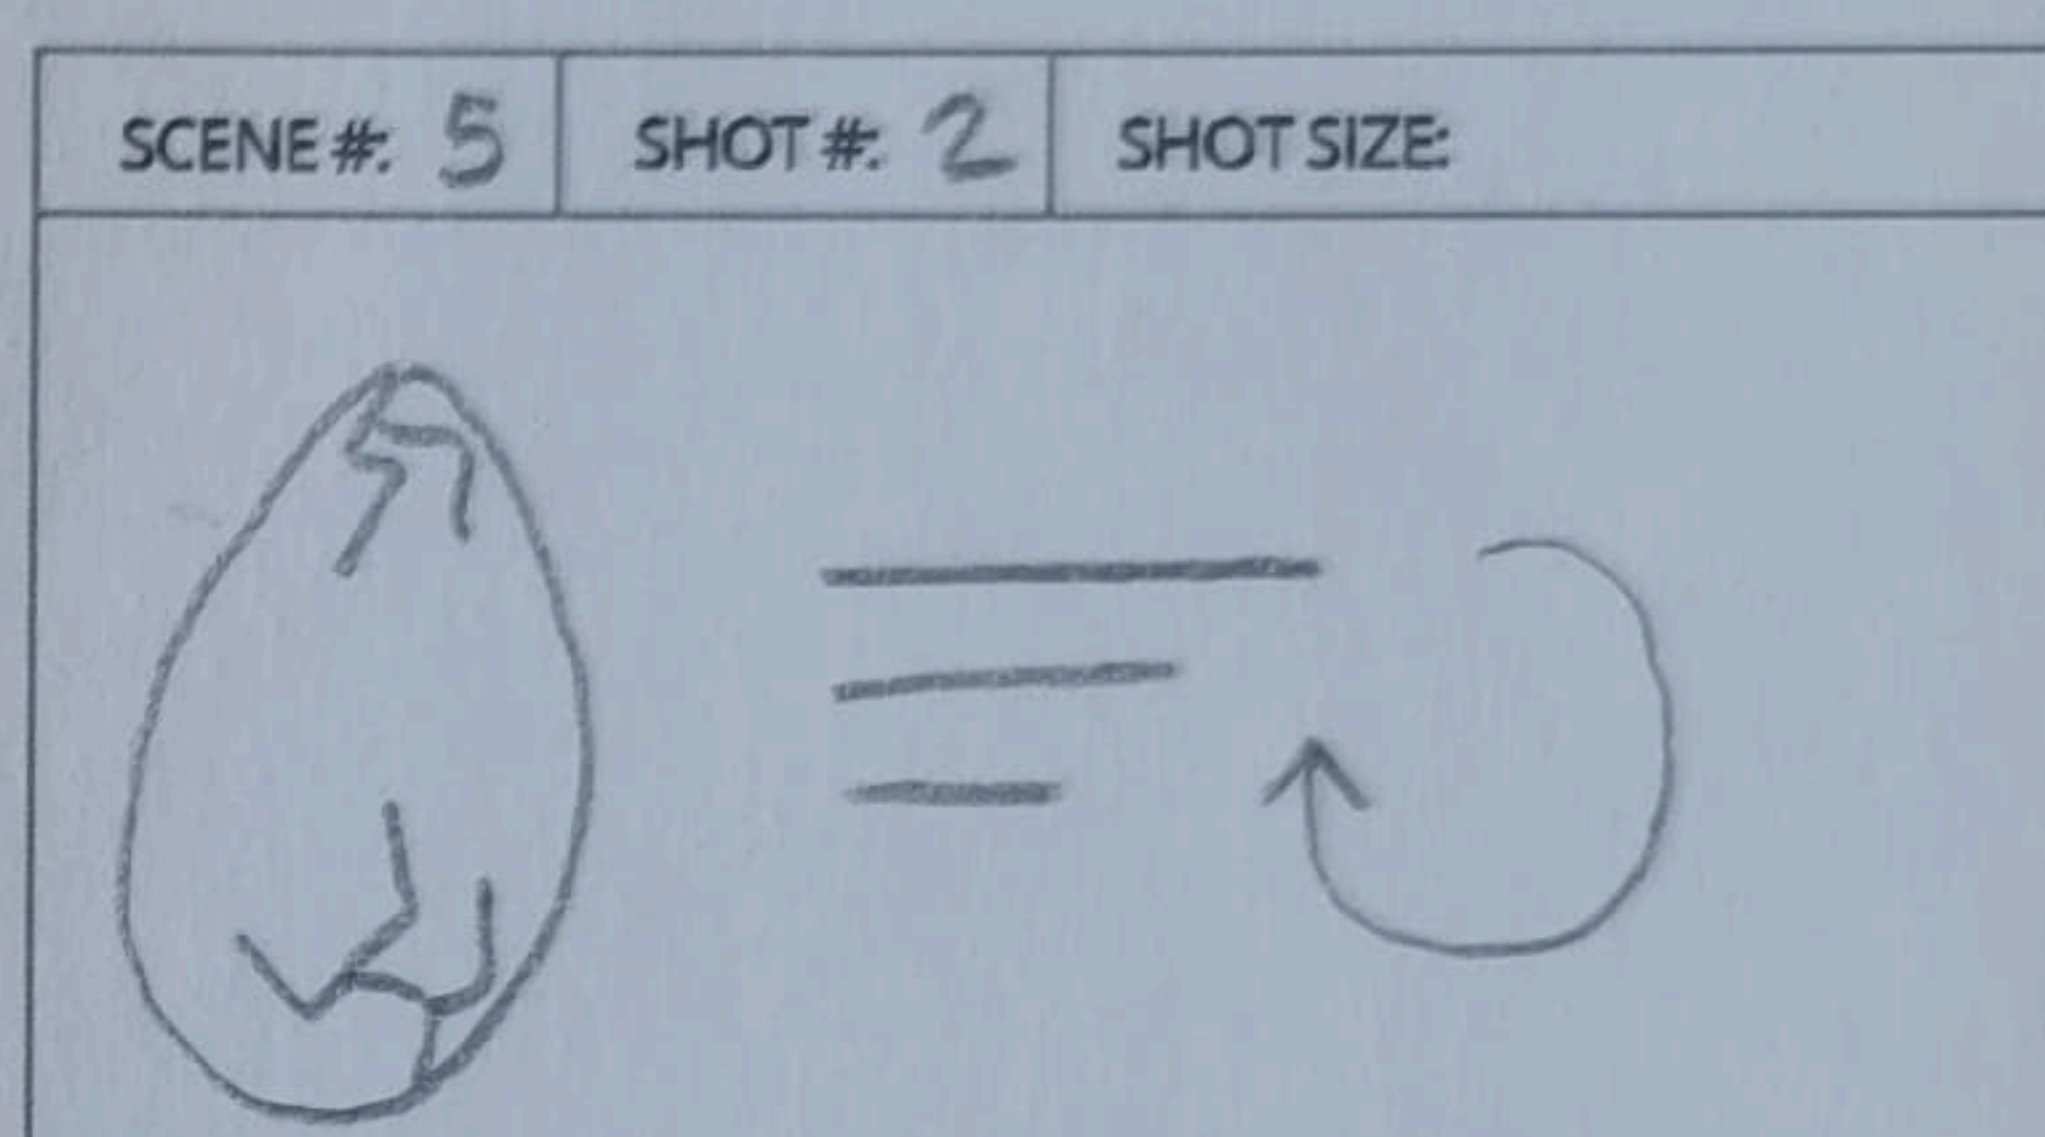

The word 'eyes' multiplies to  
literally 3 eyes, glowing  
intensifies gradually

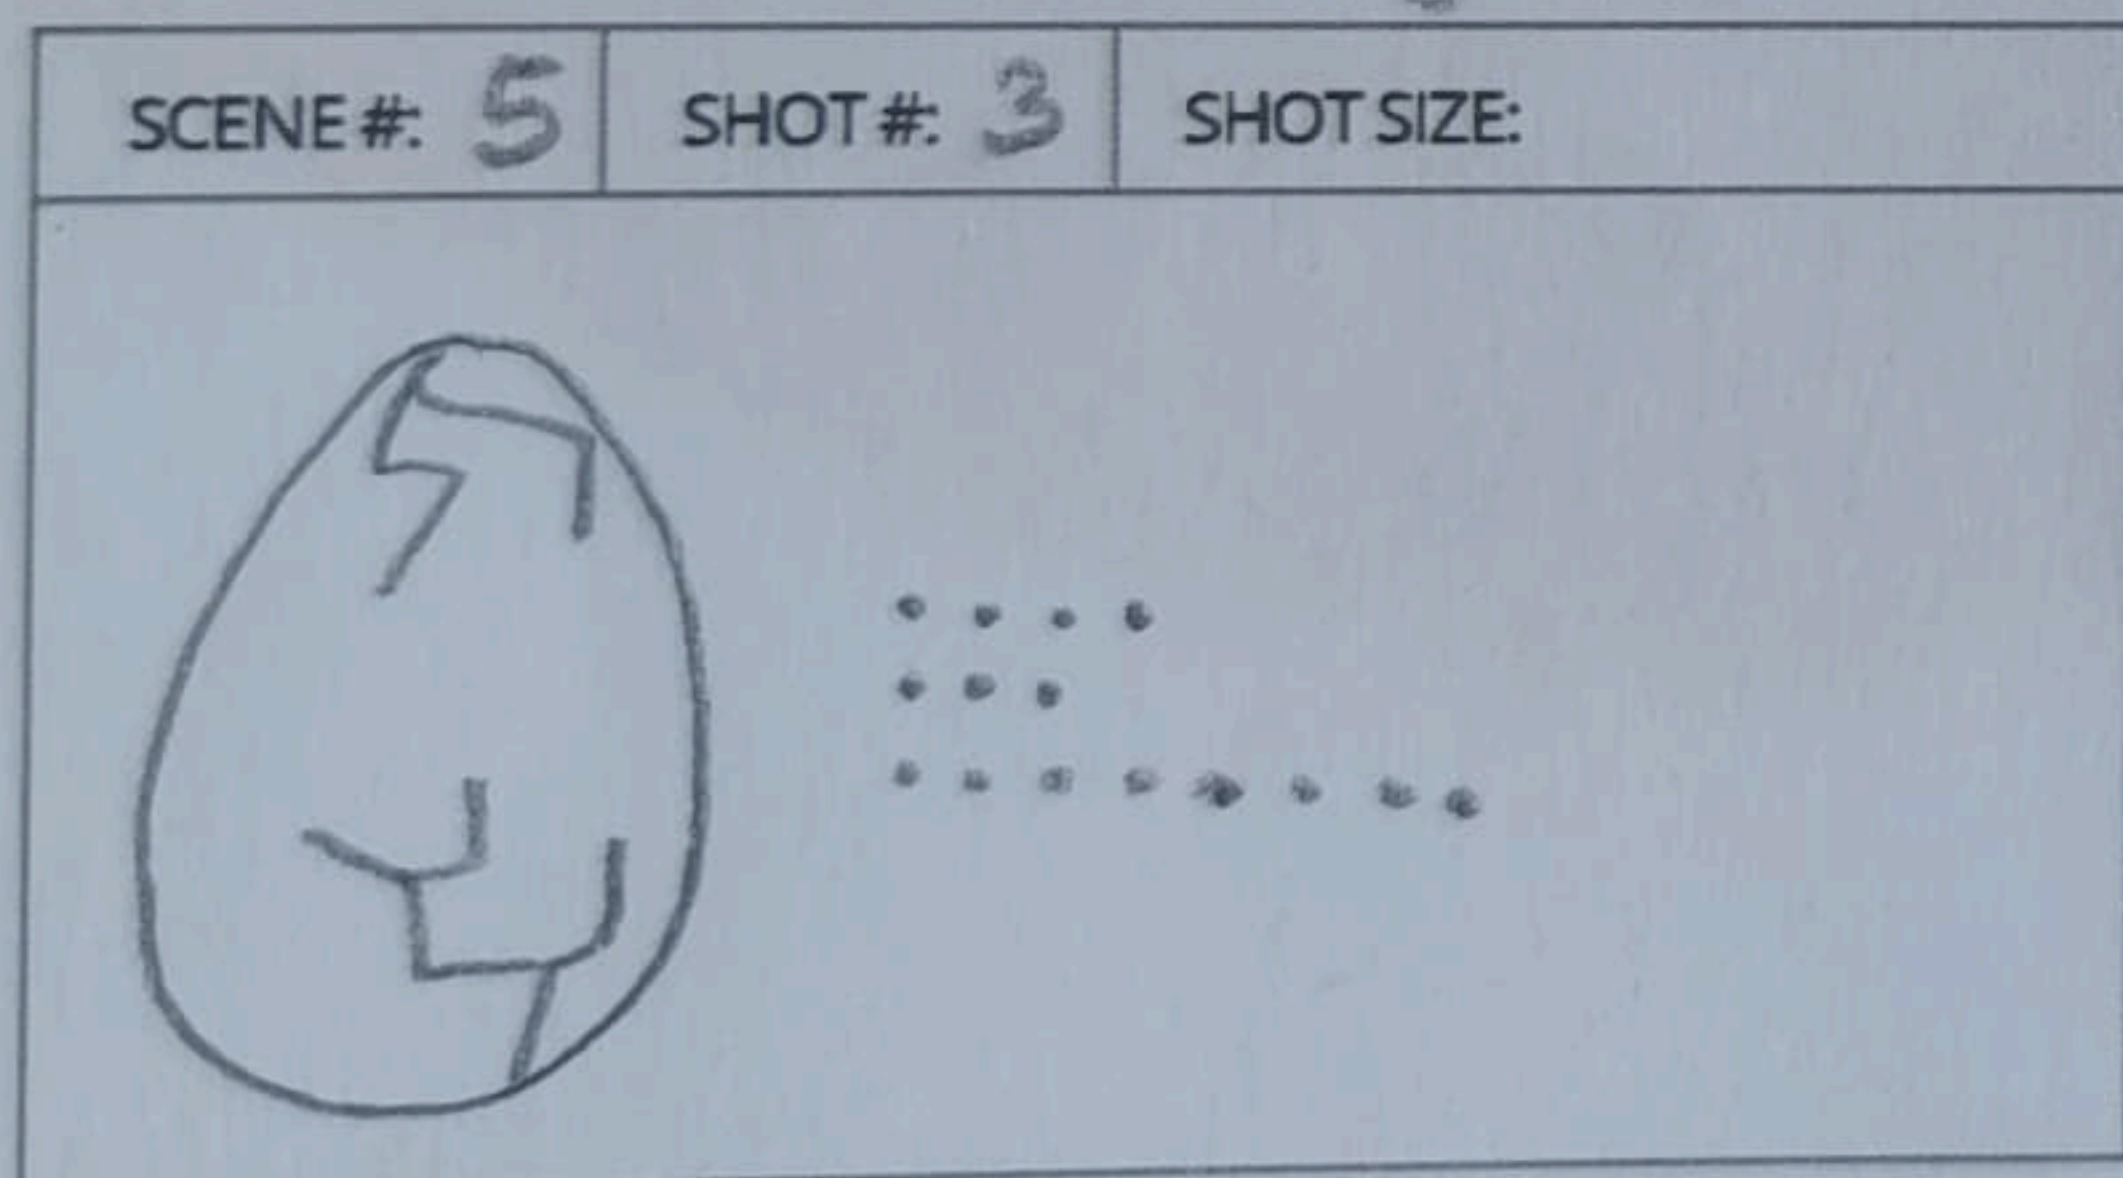

'Growing' grows and  
pushes the other lines  
and words away, glowing  
is at maximum glow

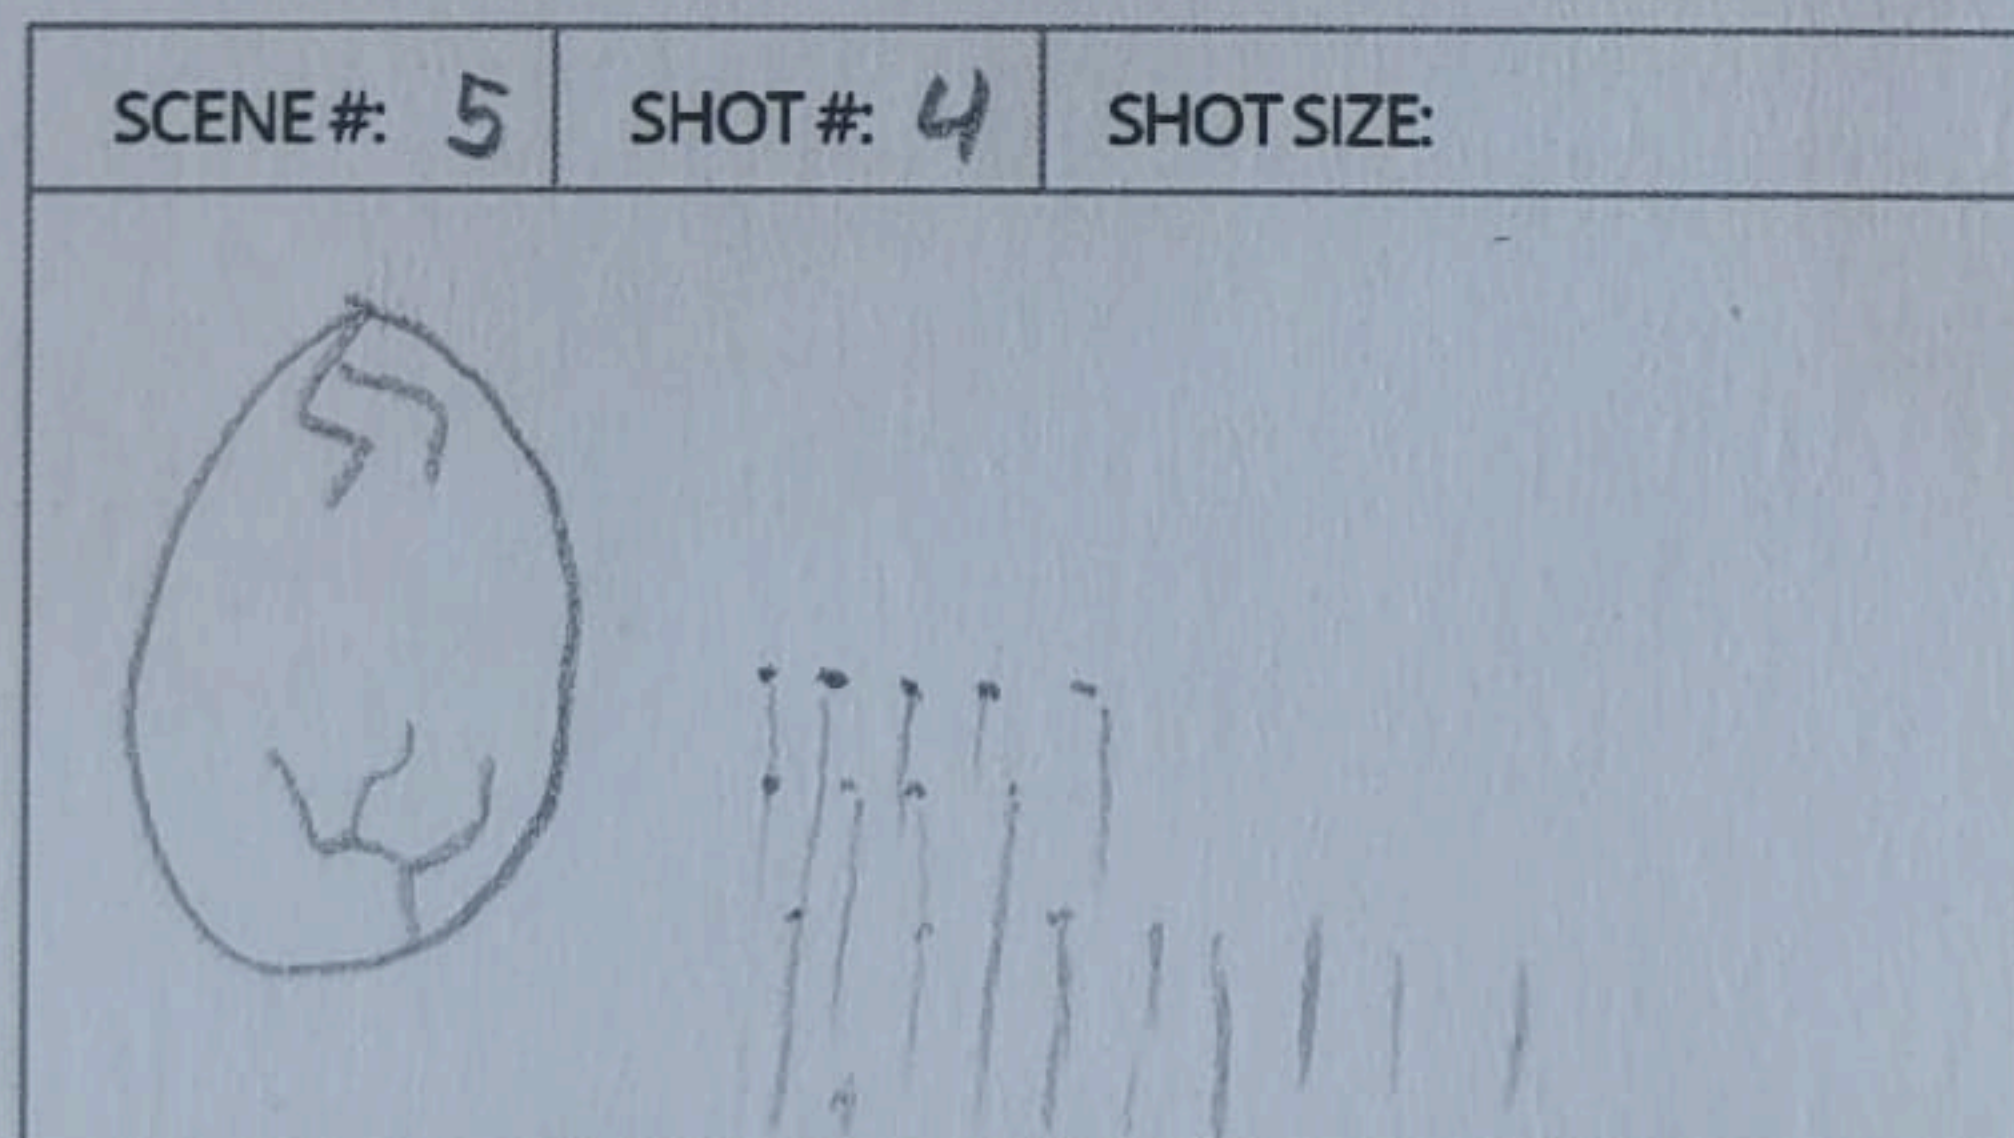

New crack, scroll  
down to trigger animation

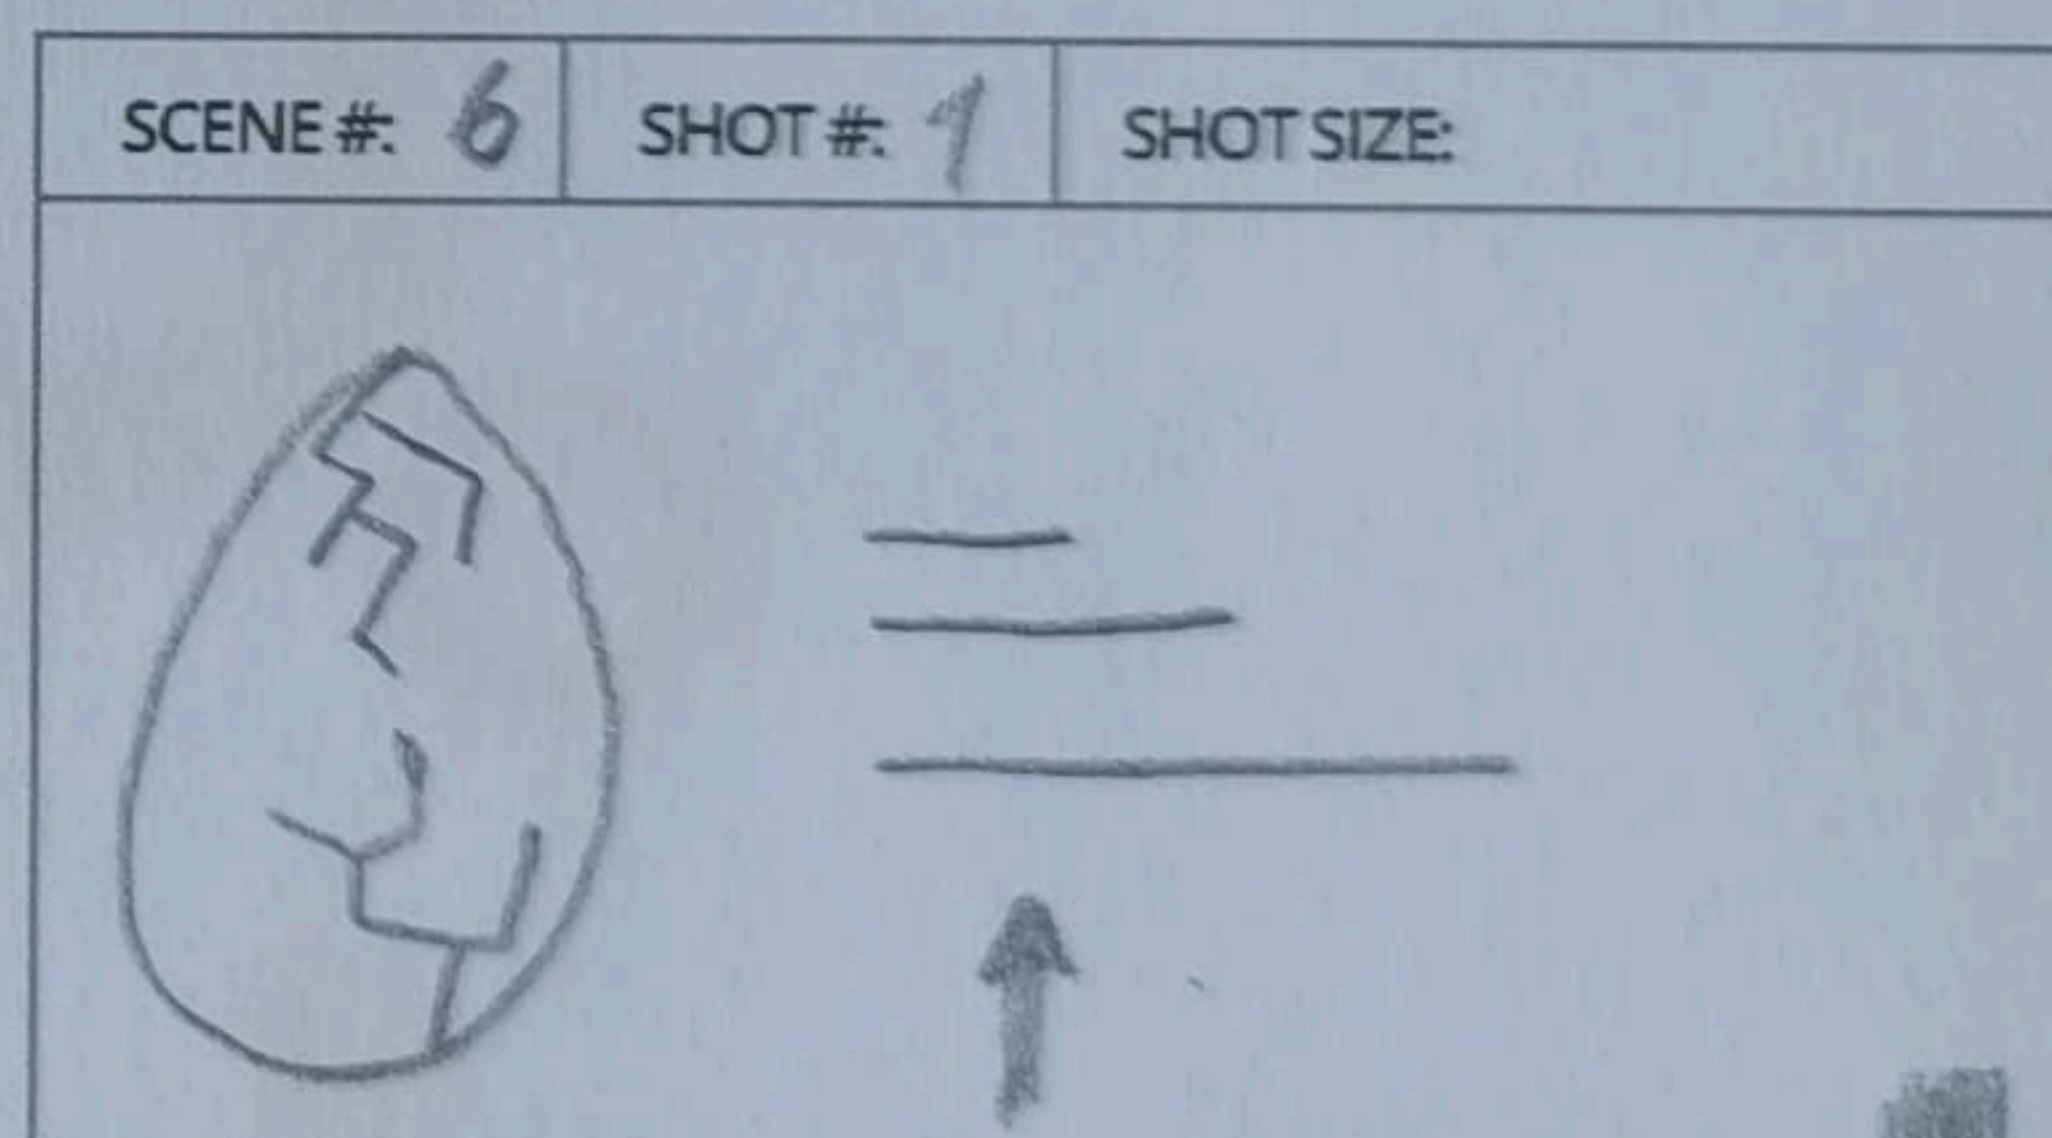

Text flips upside-down

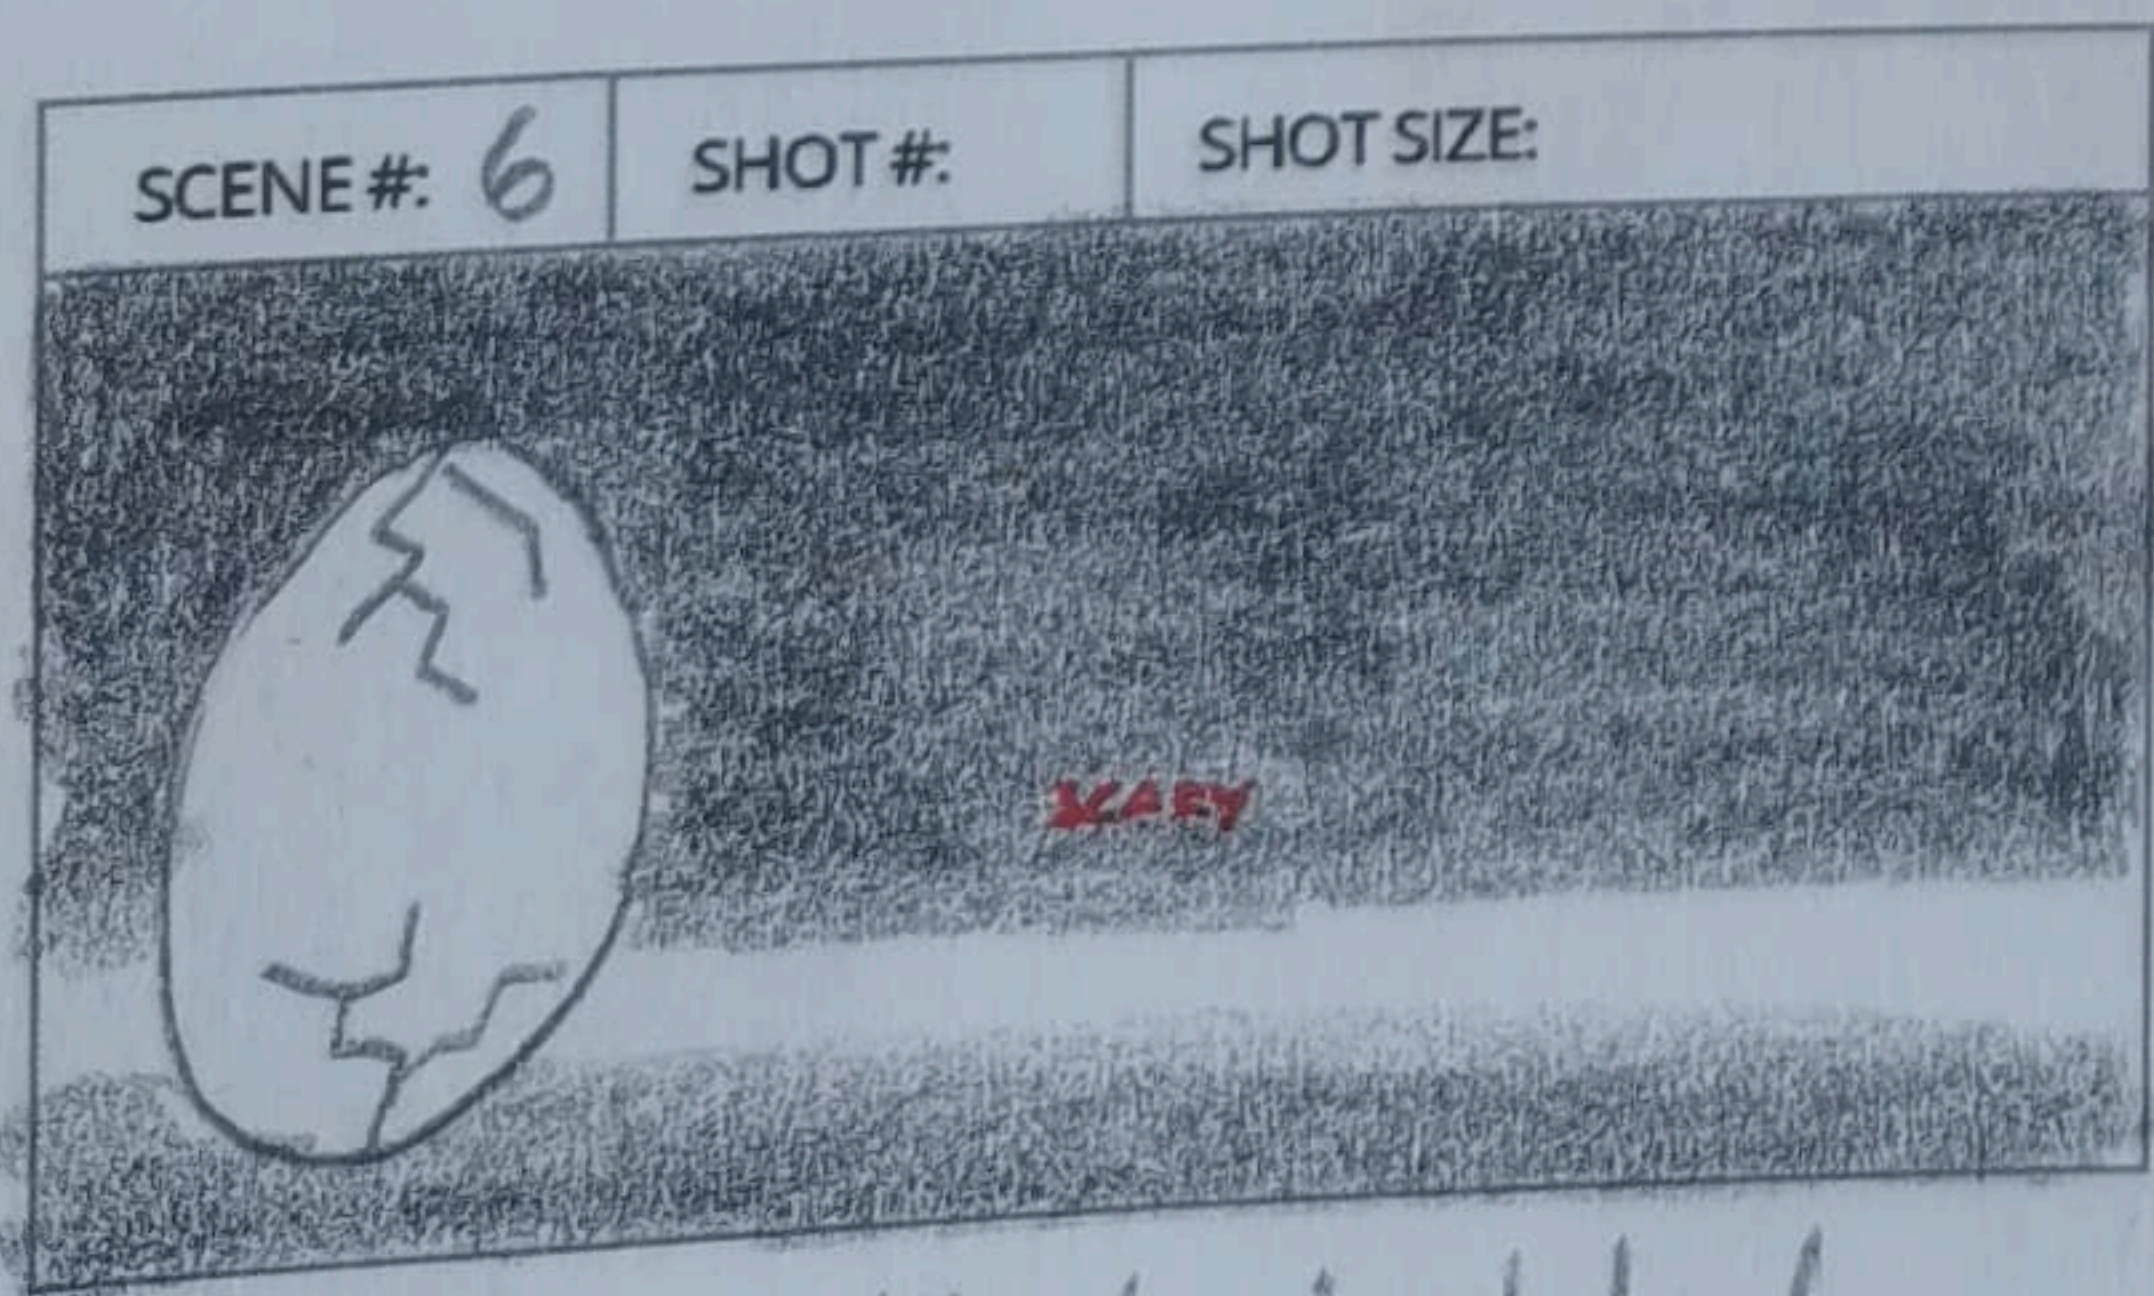

Each word turns into  
droplets

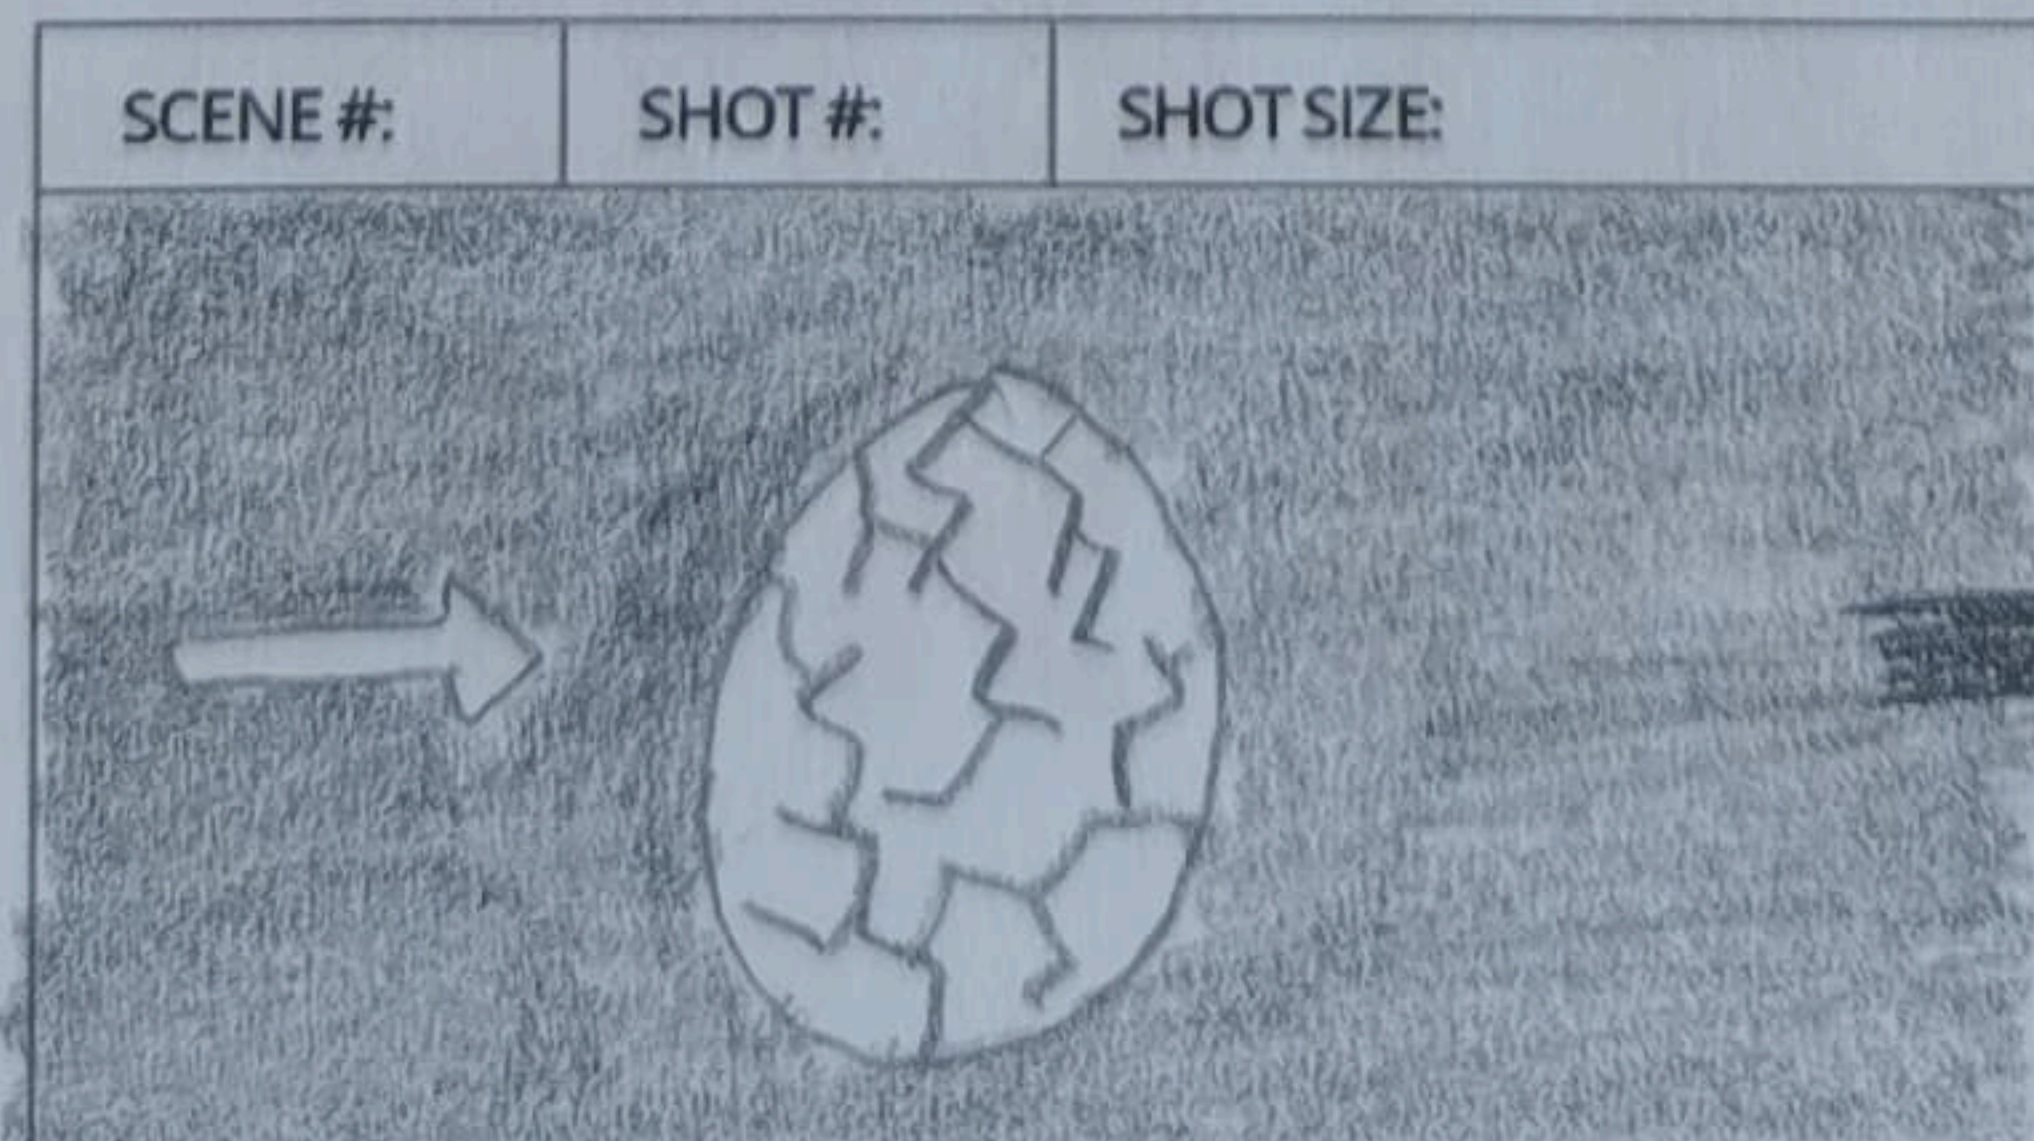

The droplets fall out  
of frame like rain

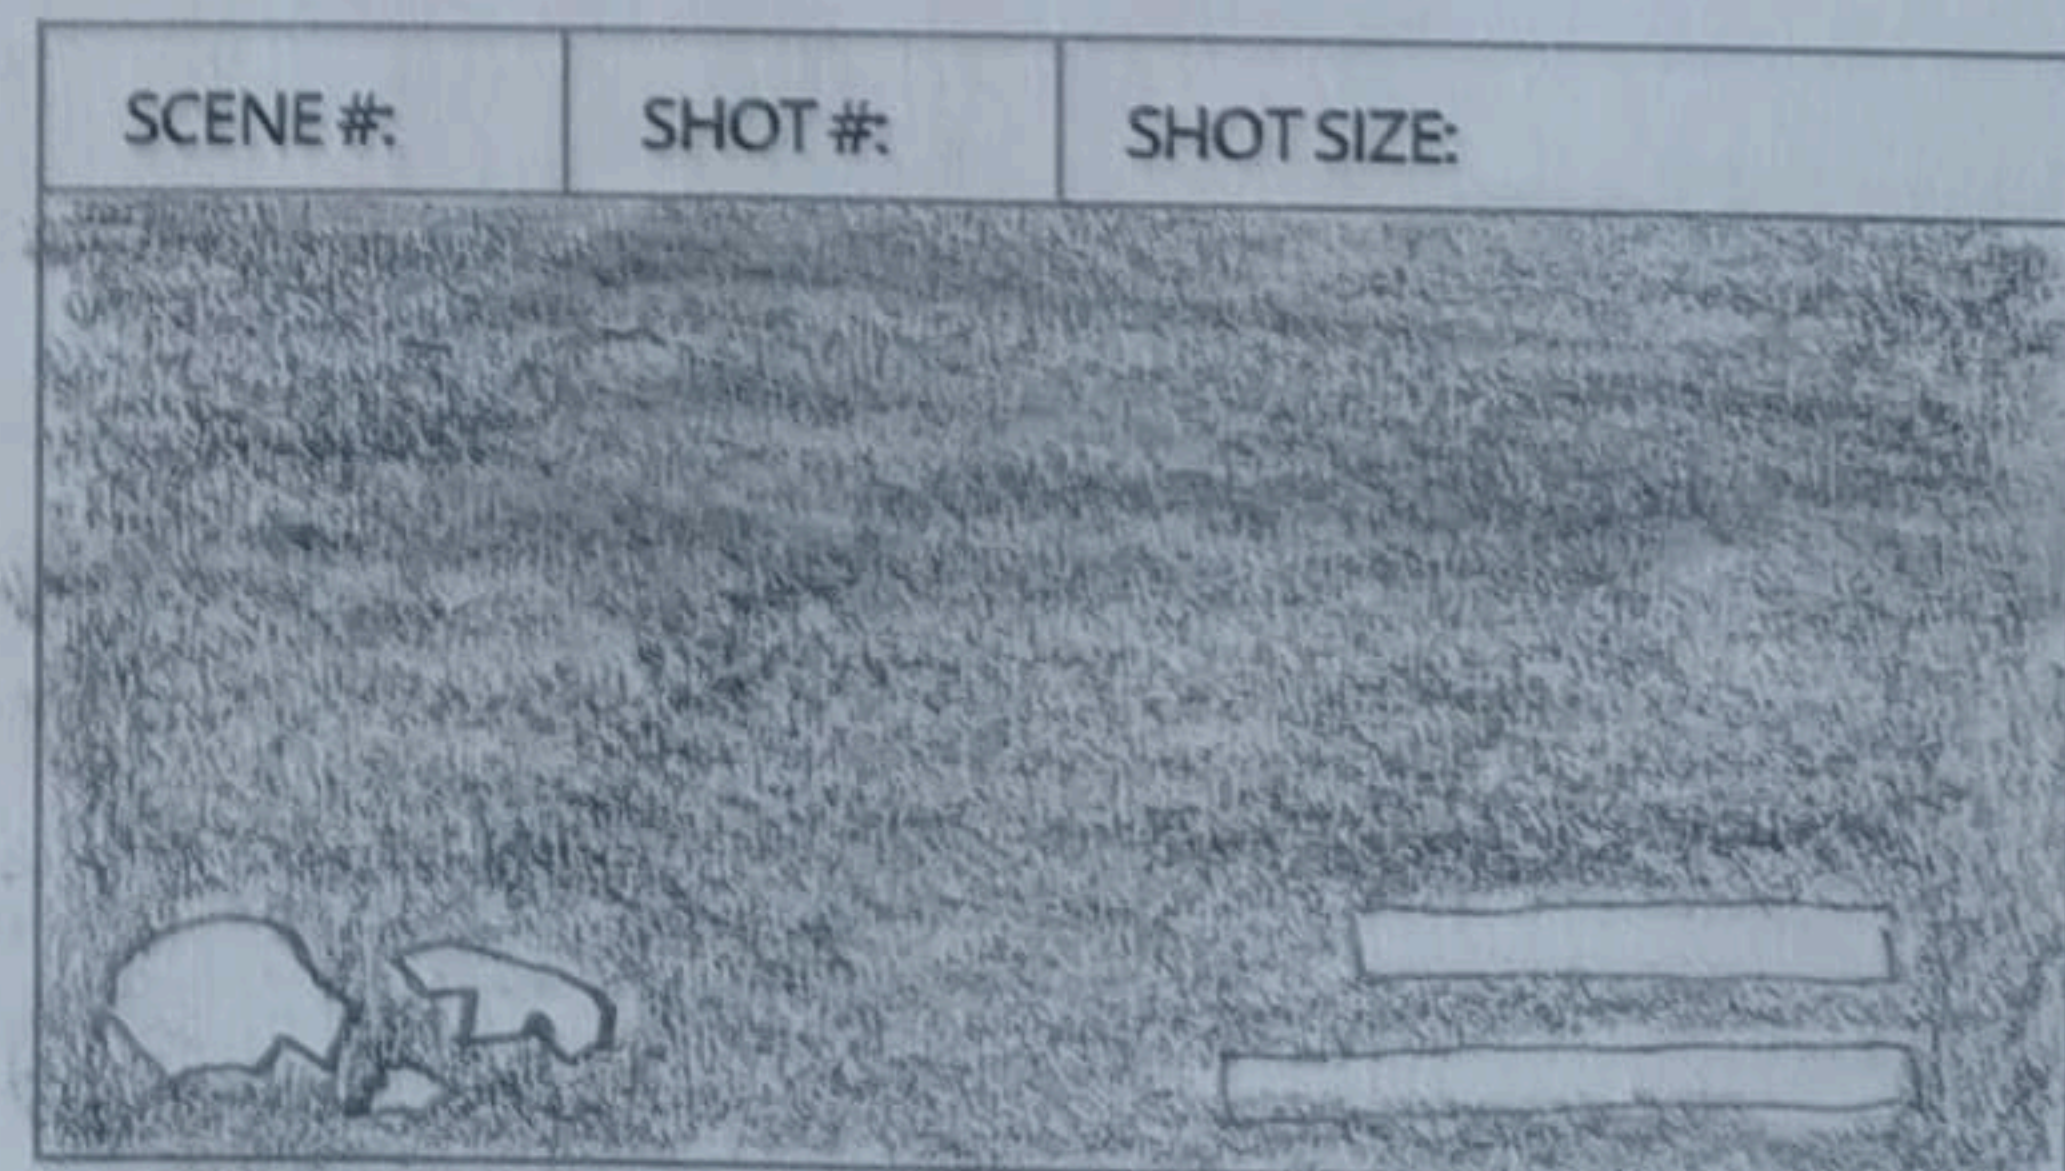

New crack, scroll down  
for animation

Background blinks in black  
like its lightning and 'scary'  
turns red

Egg cracks almost entirely  
and egg moves out of  
frame

Screen is completely dark  
for a few seconds, credits  
shows up and a few eggshells,  
egg hatched off-screen
